MEXICO ACTION IS PASSED UP TO PRESIDENT

State Department Is Awaiting Reply of Carranza Regime to Latest American Note on U. S. Consular Agent Jenkins

Senator Fall Denies That Initiative in All Foreign Relations Rests Entirely in the Hands of the Chief Executive

BY ASSOCIATED PRESS.
LEASED WIRE TO TRIBUNE.

WASHINGTON, Dec. 9.—Further action in the Mexican situation so far as this government was concerned still was held in abeyance today pending developments from various sources. The State Department was awaiting the arrival of the Mexican reply to the latest American note on the Jenkins case, which was said to have been delivered yesterday to the American embassy at Mexico.

The Senate foreign relations committee temporarily has postponed action on the Mexican question until President Wilson further has outlined his attitude.

The President is studying the whole situation, including the memorandum of Senator Fall, Republican, of New Mexico, which was submitted in substantiation of charges that an organized movement had developed in Mexico with the sanction of President Carranza to foment a revolution in the United States.

JENKINS' RELEASE DOESN'T SETTLE CASE

The release from prison of Wilson agent, has not settled the Mexican tangle so far as the State Department is concerned and accumulation of data on the case, caused by an effort to learn exactly how the release of Jenkins came about.

If Jenkins' release was not in response to the demand of the State Department, but due to the mysterious deposit of bail by J. Salter Hansen, an American of unknown status in Mexico, the negotiations over the case probably will continue. Officials believe that light would be thrown on the influence behind the release when the Carranza note is received.

FALL TAKES ISSUE WITH PRESIDENT

WASHINGTON, Dec. 3.—Senator Fall takes issue with President Wilson on the statement that the Senate could not advise on matters reflecting relations with foreign governments until requested to do so by the President. Senator Fall in a statement says:

"There is nothing in the constitution that requires that the initiative with respect to foreign relations shall be limited to the executive. Of course, he may, and properly, because of his extraordinary relation to foreign affairs, in ordinary cases be the source of negotiation. The President's general statement that only one branch of the Congress, namely, the Senate, has any relation to foreign affairs and the Senate only when its advice is sought by the executive, is contradicted by a hundred precedents. Indeed, the precedents have gone so far that in a number of cases the advice has been the advice of negotiations and even as solemn engagements as treaties have been made not only upon the suggestion of the Senate, but in the exact terms that the Senate had suggested.

"By this resolution the Senate did not attempt to withdraw recognition or break off relations, but the concurrent resolution contained a suggestion or request to the President that he do so. Such suggestion is entirely in harmony with precedent.

"The President states in the first paragraph of his letter that he shall 'examine it (my written memorandum furnished him Friday night), with the greatest interest and care. What you told me of the investigation on Friday last prepares me to find in it matter of the greatest importance.'

"It would appear that the President has not as yet examined this written memorandum, and, of course under the circumstances, I will again request the committee to postpone action upon the resolution, or upon any phase of the Mexican matter until he has had time to give the subject his consideration."

Italian Destroyer Arrives at Spalato

BY ASSOCIATED PRESS.
LEASED WIRE TO TRIBUNE.

BELGRADE, Dec. 3.—Dispatches from Spalato today report the arrival there of the Italian destroyer Irrequieto, belonging to the squadron of Admiral Milo, which had sided with Gabriele D'Annunzio. The citizens of Spalato, says the message, are greatly excited as the destroyer has on board a superior officer known to have close relations with *D'Annunzio.*

PARIS, Dec. 9.—Premier Clemenceau is going to London to discuss with Premier Lloyd George a renewal of the interallied military command and other problems arising from the failure of the United States Senate to ratify the treaty, it was learned this afternoon.

WOMAN IS HELD FOR FIRE LOSS STATEMENT

Society Leader Released on Cash Bail Following Arraignment in Women's Police Court for Alleged Felony

SAN FRANCISCO, Dec. 9.—Mrs. Violette Potter Kruttschnitt, divorced wife of Theodore Kruttschnitt, son of Julius Kruttschnitt, the railroad magnate, was arraigned today in the women's police court before Judge John Sullivan on a charge of falsifying a statement of her losses in a fire that destroyed her home in Mill Valley in last October. Shortly after her arraignment Mrs. Kruttschnitt was released on $1000 cash bail furnished by her attorney Thomas O'Connor. Her case was continued one week.

Mrs. Kruttschnitt was taken into custody in her apartment at the Palace Hotel about midnight last night on a warrant issued by Police Judge Fitzpatrick on a complaint sworn to by B. C. Verden, investigator of the Fire Prevention Bureau of the Pacific.

According to Verden he has positive proof that the furniture declared by Mrs. Kruttschnitt to have been lost when the house was destroyed, had been removed from the structure before the fire and that he had located in this city furniture and other goods formerly in the Mill Valley house. Mrs. Kruttschnitt, Verden said, filed a proof she had lost furniture valued at $6000. He said the house had been insured for $2500 and the furniture for an equal amount.

"This is not the time to discuss my predicament," Mrs. Kruttschnitt said after she had been in court, "I was totally unaware of the developments in this matter and my arrest and the attendant humiliation has only aggravated my illness for which I have been under the care of a physician for many months. There is absolutely no truth in the accusation brought against me. As a matter of fact, I was not near the house for some time prior to the fire and was in San Francisco on the night it was destroyed.

"The morning of the fire I was advised by an official at Mill Valley that my home had burned down. I crossed the bay and went to Mill Valley and when I viewed the ruins of the building I turned and fled. No one saw me do this and it was a small incident that has provoked comment. I do not wish to say anything further until I have conferred with my attorney."

Bail for Mrs. Kruttschnitt originally was placed at $10,000 bonds or

MRS. V. P. KRUTTSCHNITT.

$5000 cash, but this was reduced to $1000 upon the representation of Attorney O'Connor, who, among other things, called the attention of the court to the defendant's ill health.

Mrs. Kruttschnitt, immediately after her arrest, tried to get William T. Herrin, chief counsel and vice-president of the Southern Pacific, on the telephone but he was not at home. She then called A. W. Scott, federal manager of the Southern Pacific, and C. W. Durbrow of the railroad corporation's counsel, who promised to see about bail at once.

Mrs. Kruttschnitt has been prominent in society. Before her marriage to Theodore Kruttschnitt, she was Miss Violette Potter of New Orleans. Since her divorce from Kruttschnitt in Arizona in 1913, she has lived in and near San Francisco.

The Mill Valley house and furniture were insured for $2500 each with the Aetna Insurance Company, according to Bergen, the insurance investigator. He alleged that Mrs. Kruttschnitt swore to a loss of $6000, specifying rare Oriental rugs and valuable paintings.

PLANS INCLUDE AREAS FOR SUBS, DESTROYER DOCKS

Alameda as a site of the new Pacific naval base received its final okeh today at the hands of the special inspection board composed of Rear Admiral J. S. McKean, Rear Admiral C. D. Parks, chief of the bureau of yards and docks, and Commander J. C. Hilton of the bureau of supplies and accounts.

In a report supplementing that of Secretary of the Navy Josephus Daniels, with whom the board made its inspection in September, the stamp of approval is put on the Helm Commission finding, in the following language:

"The board is in agreement with the recommendations of the Helm Commission. * * * The board is impressed with the many advantages of this site, especially with the area available for future expansion, should such expansion be found necessary."

Of the Hunter's Point site, the report says:

"The board agrees in general with the Helm commission as to the advantages and disadvantages of this site, but is impressed by the limitations of the area available for practicable development as compared with the unlimited area available at Alameda."

ALAMEDA SITE HAS MANY ADVANTAGES

The report praises the "living conditions" available at Alameda for the necessary employees, giving the opinion that "a higher class of employees will be available than at any other site." Mention is made of the advantages for the delivery of fuel and materials, ships' stores and industrial supplies, by rail and otherwise, a consideration making the site, in the opinion of the board, the most desirable on which to locate the complete fleet supply base. The report calls attention to the great development of shipbuilding on the Oakland estuary and points out that this development will materially aid the development of the site. It recommends an area much greater than that included in the Helm report, the entire project in contemplation at this time being vastly greater than was considered by the former commission, including a submarine destroyer and submarine base.

MARE ISLAND CAN'T BECOME MAIN BASE

Mare Island is dismissed from consideration as available for development of a first-class base because of the natural water depth prevailing there, which could be maintained at 26 feet or greater only by excessively costly dredging. It is proposed to maintain that yard as an auxiliary to the deep water base, for both repair and new construction.

Secretary Daniels' report that the conditions are urgent, together with his last week's request for an appropriation of $10,000,000 with which to begin developments, indicate that actual construction work at the site will be a realization of the near future, and it is pointed out that the recommendation of the special board of inspection for additional areas for a submarine and destroyer base indicate that the originally estimated expenditure will be materially increased.

The establishment of the base on the Oakland estuary will make the estuary the principal industrial area on the entire Pacific Coast.

Regarding the proposed naval base at San Francisco the report said:

SAN FRANCISCO BAY

1. The board is in full agreement with the Helm commission as to the necessity of establishing a first-class naval base on deep water in San Francisco bay, and recommends that the necessary appropriation be obtained from the present Congress to undertake this project, and that the remaining necessary appropriations be obtained from year to year so as to complete the project within three years.
2. The board is also in full agreement with the Helm commission in eliminating from further consideration of the department all the previously suggested sites other than (a) Mare Island, (b) Hunter's Point and (c) Alameda.

MARE ISLAND

3. The board further agrees with the Helm commission as to the unavailability of Mare Island for development as a first-class naval base.

The board recommends that the navy department accept the natural conditions at Mare Island as limiting the practicable depth which can be maintained, without excessive dredging, as 26 feet, and that only such further dredging along the quay wall and in front of the dry dock be done as will permit their safe use by ships drawing not more than 30 feet, this dredging to continue for the use of these ships until a deep-water base can be provided.

The board is of the opinion that the department cannot be justified in making further expenditures in an effort to obtain and maintain channels, turning basin, etc., necessary for the large ships of the fleet of today.

The board agrees with the Helm commission that Mare Island should be retained as a magazine and hospital site and as an auxiliary to the deep-water naval base on San Francisco bay for both repair and new construction work.

4. The board agrees in general with the Helm commission as to the advantages and disadvantages of this site, but is impressed by the limitations of the area available for practicable development as compared with the unlimited area available at Alameda.

The board is of the opinion that if the present drydocks of the Bethlehem Steel Corporation could be purchased and included in the site, it would add greatly to its value to the navy, but would not be to the advantage of the country or the port of San Francisco, as this would of necessity take away, at least to some extent, the docking facilities for commercial vessels, and these facilities are now entirely inadequate to meet the needs of our merchant fleet.

The Board is not prepared to definitely recommend, or eliminate, this site from its recommendations until further borings have been taken to determine finally the actual conditions as to proposed dock sites, etc.

Estimates: The Board accepts the estimates of the Helm Commission as the best that can be made with the data available. These estimates may be changed by the borings to be obtained, or might be increased or decreased by the purchase of the Bethlehem Steel Company's Hunter Point dry docks.

ALAMEDA SITE

5. The Board is in agreement with the recommendations of the Helm Commission, but cannot make final recommendation until further borings have been taken to completely determine underlying soil conditions. The Board is vantages of this site, especially impressed with the many advantages with the area available for future expansion, should such expansion be found necessary.

The Board recommends the following additions to the facilities recommmended by the Helm Commission:

(a) A destroyer basin, depth 25 feet, with finger piers, fueling facilities, etc., of sufficient capacity for the berthing and fueling of a squadron (54) of destroyers in all conditions of weather.

(b) A submarine basin, depth 25 feet, with finger piers, fueling facilities, etc., of sufficient capacity for the berthing and fueling of 36 submarines in all conditions of weather.

The Board was very favorably impressed with the living conditions available for the necessary employes, and believes that a higher class and more permanent labor force will be available than at any other site.

FAVORABLE LOCATION

The Board is also impressed with the much more favorable location of this site for the delivery and storage of fuel, both coal and oil, and of all ship's stores and industrial supplies delivered by rail. This feature makes this site by far the most desirable one on which to locate the complete fleet supply base, so essential to support the activities of the fleet in the Pacific, as well as for transhipment to Pearl Harbor, Guam and the Philippines for the fleet when operating therefrom.

The Board invites the attention of the department to the large development of new shipyards in this immediate vicinity, which indicates that local commercial interests, familiar with all the conditions surrounding San Francisco bay, now apparently prefer this area for these activities to those previously most in favor. This concentration of shipbuilding and ship-repair plants will undoubtedly bring with it a large permanent local labor supply of the types needed at the base.

Should the borings to be taken prove, as the Board expects from the data so far obtained, the Board's final recommendation will fully agree with the Helm Commission in its decision in favor of this site as against all others.

The board recommends an area greater than that recommended by the Helm commission by the additional area required for the destroyer and submarine basins recommended above.

Estimates: The board accepts the estimates of the Helm commission as the best obtainable with the data now on hand, but to those estimates of the Helm commission should be added an amount necessary for the destroyer and submarine basins, $51,600,000; (a) destroyer basin, $2,527,000; (b) submarine basin, $3,484,000.

These basins for the destroyers and submarines operating from San Francisco bay as a base and covering the coast from Yaquina on the north to Point Conception on the south are, in the opinion of the board, considering prevailing weather conditions, an absolute necessity.

The Bremerton navy yard, the board held, should be developed for the exclusive use of big craft, with a repair base for the Puget Sound submarine flotilla at the Keyport torpedo station and an operating base for destroyers, submarines and aircraft at Port Angeles, Wash., near Ediz Hook. The Bremerton base developments, the board said, also should be completed within three years, as of vital importance to the fleet. It should include additional slips and piers, two large and two small drydocks and expanded storage facilities.

"The urgency cannot be exaggerated when the lack of facilities for large ships at San Francisco and Hawaii is realized," the report said.

The strategic position of the Hawaiian islands, the board said, made absolutely imperative the development of the Pearl Harbor station into a first-class base adequate to "take care of the whole fleet in any movement, offensive or defensive, across the Pacific." Developments recommended at an estimated cost of $27,000,000 included an additional drydock, increased storage space, expansion of repair and maintenance equipment and a complete submarine base.

BASE FOR SAN PEDRO

The board recommended establishment of a submarine base at San Pedro, Cal., and a base for submarines, destroyers and aircraft at Asteria, Ore., on the Columbia river. The latter would require dredging the channel and serve also as an anchorage for big ships.

Advantages of San Diego as an aviation training and operating base were emphasized and exclusive naval use of the training station now operated jointly with the army was urged.

All recommendations of the board for the deepening of waterways at the various stations were based on ships of 40 feet draft and 1000 feet in length.

In addititon to Admiral McKean, acting chief of naval operations at the time the inspection was made, the board was composed of Rear Admiral C. W. Parke, chief of the bureau of yards and docks, and Commander J. C. Hilton of the bureau of supplies and accounts. Discussing the "immense sum, considering the financial conditions of our country," it recommended for expenditure, the board said it had included "no items that are NOT necessary to the efficient and economical maintenance and operation of the fleet, that the providing of these necessary facilities can be done in time of peace at much less cost than they can be improvised and rushed

BOARD OF INSPECTION ON ALAMEDA SITE

The special Board of Inspection of Pacific Coast Naval Bases in its report to Secretary Daniels says:

1. The board is impressed with the many advantages of this site, especially with the area available for future expansion, should such expansion be found necessary.

Auto Driver Kills Man; Asks Probation

BAKERSFIELD, Cal., Dec. 9.—L. P. Keester, local merchant, charged with manslaughter and driving an automobile while intoxicated, yesterday pleaded guilty in superior court to the latter charge and asked for probation. The manslaughter charge was dismissed on motion of the district attorney. Keester asked for probation and Judge Howard A. Penirs will pass sentence Saturday.

Keester ran down Benjamin Merickle of San Diego on the state highway near Bakersfield. He made a money settlement with Mrs. Merickle and family of seven children, paying them $14,000.

Florist Charged With Slaying Perfect Baby

HAMMONTON, N. J., Dec. 9.—Charles S. White, 29, wealthy florist, was in jail at May's Landing today, formally charged with the murder of Billy Dansey, 3-year-old "perfect baby," who disappeared October 8 and whose skeleton was found in a swamp three miles from his home two weeks ago. With White was his housekeeper, Mrs. Edith L. Jones, 45, charged with being an accessory after the fact. They were arrested by county detectives late yesterday. The arrests were made quietly.

Huge Byron-Bethany Water Project Wins

BYRON, Dec. 9.—The Byron-Bethany water district proposal was carried yesterday with only 14 opposing votes. There were 173 votes for it. The proposed district will irrigate 18,000 acres including areas in San Joaquin, Contra Costa and Alameda counties. A large storage reservoir is to be constructed in the vicinity of Byron to cost $26,000. M. C. Preston was elected assessor, collector and treasurer for the new district.

Flyer's Booze Charge To Be Investigated

WASHINGTON, Dec. 9.—An official investigation will be ordered by the War Department into statements attributed to Lieutenant Belvin W. Maynard of the army air service that the secret of the failure of some of the pilots in the recent transcontinental army air race "can be attributed to too much booze."

WASHINGTON, Dec. 9.—A telegram from Attorney General Palmer from Indianapolis received at the White House this afternoon said:

"Statements will be given out at 2:30 central time. Contempt proceedings have been continued for one week. The miners will meet at 2 o'clock, and in my opinion, will promptly acquiesce in President's plan."

At 3 o'clock the committee of miners was still in session, and no word had come from the meeting as to what would be final action on the President's proposal, which includes 14 per cent increase and immediate return to work.

WASHINGTON, Dec. 9.—Secretary of Labor Wilson today telegraphed John Lewis and other officials of the United Mine Workers urging them to accept President Wilson's proposal for settlement of the coal strike. The proposal, Wilson declared, points a way out with honor to the government and honor to the miners." The telegram reads:

"I cannot too strongly urge you to accept the basis of settlement proposed by the President. I have been associated with him for six years, and I know that every fiber of his strong nature has been devoted to securing fair play for everybody and particularly for the under dog in the fight. Every blow he has had to bear, and he has had to bear many, has been brought about by his intense earnestness in that direction. You may rely thoroughly upon every promise he makes.

"But aside from that, as a result of stoppage of work in the mines, we are facing the most difficult industrial situtiom that ever confronted the country. It threatens the very foundation of our social life. In this emergency the government has pointed a way out with honor to the government and honor to yourselves. If my judgment and experience are of any value to you, let me use them in addressing you for the welfare of yourselves and the country as a whole to accept the way out that is proposed by the President."

WASHINGTON, Dec. 9.—With settlement of the coal strike likely to come today, the nation enters upon a system of coal rationing which is as stringent as that in force during the most pressing days of the war.

Dr. Garfield, fuel administrator, looking with apprehension upon the growing shortage of bituminous coal in the east and middle west, has put in force regulations restricting the use of coal to the most essential needs.

All lights, other than those necessary for the safety of the public, have been ordered discontinued. Cabarets, dance halls and poolrooms are allowed to be open only from 7 p. m. until 11 p. m.

Stores with the exception of those selling food, must not use light longer than six hours a day. Manufacturing plants are allowed to use light only so long as they are allowed to use power.

CHICAGO, Dec. 9.—The most severe weather of winter with subzero temperatures and further depletion of the diminishing coal reserves, gripped the entire western part of the country, with a spread southward and eastward forecast for tomorrow and Thursday. Districts where the fuel reserve is already virtually exhausted were chief sufferers today from the swoop of low temperatures. At Butte, Mont., with 30 degrees below zero, hundreds were reported in distress, suffering from hunger and cold.

Zero temperatures spread over Colorado, Wyoming, Nebraska, Kansas, Missouri, Wisconsin, Minnesota, Dakotas, Northern Iowa and parts of other western states.

Water pipes froze in portions of North Oakland and Berkeley last night, the coldest clear night of the year. No pipes were reported burst. The lowest temperature during the night recorded by thermometers of the Chabot observatory was 36 degrees.

NURSE SAYS SHE WAS SURPRISED

Mrs. Winter Could Hardly Walk When She Began Taking Tanlac.

"I had been troubled with rheumatism so long that I couldn't walk, but since I have taken Tanlac I never have a pain of any kind and have gone back to doing all my housework," said Mrs. M. E. Winter a practical nurse of 5913 Fifty-seventh avenue, Southeast, Portland, Oregon, a few days ago.

"For the past five years I have suffered something awful with rheumatism in my limbs and arms," continued Mrs. Winter, "and they ached so badly I could scarcely straighten them out. My knees were so swollen and stiff that I could hardly get up and down the steps and the muscles in my arms and legs were drawn up like they were tied in knots and many a time I would have to get up during the night and rub liniment or put hot applications on my limbs before I could ease the pain. My kidneys gave me a lot of trouble and I had such an awful pain across the small of my back that at times I could hardly keep from screaming. I was badly constipated and was always taking laxatives and often it would have terrible dizzy spells. My liver was always sluggish, and I was troubled with indigestion so bad that my appetite left me and at night I was never able to rest well because of the pains.

"I had tried all kinds of medicines but could get only temporary relief, and one day a man living here at my home was telling the clerk in the Owl Drug Store here in town about my condition when another customer stepped up and said: 'Tanlac is what you want!' So he brought me a bottle. And the way I improved was a surprise to me and I continued to take Tanlac until now all my five years of troubles have left me entirely. I haven't a trace of rheumatism, and can sleep the whole night through as sound as a child. My liver and kidneys are in fine condition and the pain across the small of my back has disappeared completely, and I can eat anything I want without any bad effects at all. My constipated condition has been relieved and I never have to take a laxative, and the dizzy spells are a thing of the past. Tanlac is the best medicine I have ever seen, for it has given me permanent relief after everything I had tried had failed."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company Stores.—Advertisement.

IF YOU NEED A MEDICINE YOU SHOULD HAVE THE BEST

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfils almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Oakland Daily Tribune. Large and medium size bottles for sale at all drug stores.—Advertisement.

under war conditions," and pointed to the fact that more than $88,000,000 had been expended during the war to expand Atlantic Coast facilities already existing. It called attention, also, to the fact that there were thirteen bases of various sorts on the Atlantic, "six more than the total recommended herein for the Pacific."

The report says recommendations for increased facilities were already coming from the Pacific fleet, despite the fact that it was so recently established, making it clear that the fleet officers realized the necessity for the improvements proposed.

HARBOR ENTRANCES

WASHINGTON, Dec 8.—The recommendations of the board affecting harbor entrances and channels leading to naval bases follow:

"1. In the opinion of the special board, it is very desirable that the breakwater at the entrance of the San Diego harbor be continued to the 45-foot contour; this to assure a minimum depth at all stages of the tide of 45 feet at the entrance. The dredging of the shoal opposite the naval fuel station is necessary, where the turn is made to the southward in going out of the harbor, so that it will make an easy, commodious turning space for a vessel of 1000 feet long and drawing 40 feet of water.

The board and the fleet officers were much impressed with the necessity of providing more commodious, safer and deeper entrance channels to the harbor of San Francisco, and, in the board's opinion, the south channel and Bonita channel should both be dredged clear of rocks and straightened so as to permit of the safe entrance and exit of a 1000-foot vessel, drawing 40 feet of water, at all times and stages of the tide; that these channels should have a minimum width of 600 feet at the bottom; and, if practicable, that both of them be protected by breakwater from heavy seas coming from the westward and northwest, so that vessels of the class referred to above might enter safely through in storm or in the frequent fogs.

"3. The board is also of the opinion if practical from an engineering point of view that there should be a main ship channel through the bar from the lighthouse providing for the safe entrance or exit of a 1000-foot ship, drawing 40 feet of water, at all stages of the tide and under all conditions of weather.

"4. The board recommends that a safe and commodious channel for ships of 1000 feet in length and 40 feet in draft from the breakwater at the mouth of the Columbia river to the port of Astoria be provided at the earliest practicable date for the use of commerce and the navy, and that a sufficient anchorage therein, off the piers of the city of Astoria, be provided to permit of the anchorage of a minimum of eight battleships of the size given above.

"5. The board also recommends that the areas shown on coast survey chart No. 6444 be dredged to a minimum depth of 45 feet low water, so as to permit of the free, safe and rapid entrance and exit of the whole fleet to Port Orchard bay through Rich's passage.

"6. The board further recommends that Agate passage, leading from Port Richmond to Port Madison be dredged immediately to a minimum depth of 25 feet and a minimum width of 300 feet on the bottom to permit of its use by all the minor vessels of the fleet, thus keeping them out of the way of the capital ships and furnishing two entrances and exits for them from Port Orchard and St Claire inlet.

"7. The board also recommend that estimates and plans be made for the expansion of Agate passage to dimensions such as to permit the safe entrance and exit of the largest ships of the fleet.

TWO EXITS PROVIDED

"8. The above improvements would furnish two exits and entrances to the navy yard at Bremerton, which is now, and will be for some years, the only available navy repair base for modern battleships and battle cruisers on the Pacific Coast.

"9. The board recommends that the secretary of the navy take up the matter referred to above with the secretary of war, with a view of the war department's securing the necessary legislation and appropriations under the rivers and harbors bill to cover these improvements and developments at the earliest practicable date."

The San Francisco and Puget Sound districts require fleet supply bases similar to those at New York and Norfolk as the result of the large increase in the Pacific fleet, the report said.

"Facilities should be provided for the proper storage and care of airplanes which it is understood will be shipped to the west coast," the report continued, "with the view to having storage ready for use upon arrival of the aviation equipment allocated to the several districts and understood to comprise 600 planes."

AN EASY WAY TO PUT ON FLESH

Get Strong, Healthy and Vigorous at the same time

If you want to put on pounds of solid stay-there flesh, if you want to be strong, healthy and vigorous, you must have strong nerves and plenty of rich, red blood. The quickest, surest and easiest way to strengthen your nerves and fill your arteries with rich, red iron blood is to regularly take a 5-grain tablet of Blood-Iron Phosphate with each meal. Thousands who have tried it are telling what a really fine thing Blood Iron Phosphate is—how it helped them when all else failed—and if you want to look better and feel better, to be chuck full of the old time vim, energy and endurance, the best thing you can do is to go to The Owl Drug Co or any other druggist and get enough Blood-Iron Phosphate for a three weeks treatment. It costs only $1.50—50c a week—and the chances are about 100 to 1 that your friends will soon be telling you how much better you are looking, and that you'll be bragging about how strong you are.—Advertisement.

LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone," Then Corns Lift Off—No Pain!

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!—Advertisement.

Events Leading Up to Selection Of Alameda Site

CHRONOLOGY OF THE NAVAL BASE FIGHT

July 26, 1913—Secretary Daniels entertained by Oakland Commercial Club and shown possible naval base sites.

January 4, 1916—Congressman J. A. Elston introduces bill for investigation of naval base sites on San Francisco bay.

February 16, 1916—Oakland Chamber of Commerce begins gathering data on topography, geological conditions, living, labor and transportation conditions, covering San Leandro bay, Goat Island and Bay Farm Island.

December 12, 1916—Helm Commission shown sites from Richmond to San Leandro bay and hearing held.

December 14, 1916—Alameda site suggested to Helm Commission.

January 7, 1917—Helm Commission reports, favoring Alameda, Albany, Hunter's Point and Goat Island for consideration.

December 7, 1917—Helm Commission reports, favoring Alameda as first choice.

December 20, 1917—Oakland Chamber of Commerce brings about "gentlemen's agreement."

April 6, 1918—Associated Chambers of Commerce of Pacific Coast indorse Helm report.

March 22, 23 and 24, 1919—House Committee on Naval Affairs brought to Oakland by Oakland Chamber of Commerce and shown Alameda site.

September 3, 1919—Secretary Daniels inspects Alameda site and is given special data.

December 9, 1919—McKean board reports in favor of Alameda site.

Alameda Site Given Stamp of Approval

The McKean Board, as the special investigation commission whose approval of the Helm Commission's report gives the final stamp of approval to the Alameda site, arrived in the bay district at the time of the visit of the fleet, with Secretary Daniels accompanying him on his trips of inspection of the proposed sites. The secretary frequently in his addresses referred to the qualifications of the naval experts, upon whose judgment he said he would depend.

During the visit of Secretary Daniels to the Alameda site the members of the McKean Board, including Rear Admiral J. S. McKean, Rear Admiral C. W. Parks and Commanders J. C. Hilton and L. W. Foote, attended, making a careful study on the site of maps and data supplied them by the Oakland and Alameda supporters of the location.

The naval base and harbor development committees of the Oakland Chamber of Commerce have been called in special joint session for Thursday afternoon to map out a campaign for congressional appropriations to begin and prosecute rapid development of the site in accordance with the recommendations of Secretary Daniels to Congress last week. Letters announcing the meeting of the committees were mailed to members, in which the vast importance of securing the full benefit of the McKean Board's recommendation was set out. It is expected that the committees will recommend to the Chamber of Commerce a strong delegation of business men to Washington to work in the interest of appropriations for the completion of the project.

RHEUMATISM SO BAD HE COULDN'T PUT ON HIS COAT

Iowa Resident Tells How Cause of Twenty Years of Suffering Was Corrected.

Rheumatism is one of the diseases which still perplex scientists and no specific has yet been found for all cases. It is a known fact that in rheumatism the blood becomes thin rapidly, that building up the blood relieves the rheumatism, and that there is usually no return of the disease as long as the blood is maintained in good condition. The effectiveness of the tonic treatment of rheumatism by Dr. Williams' Pink Pills is illustrated by the experience of Mr. Sam Stukas, who lives at No. 410 Maple avenue, Clinton, Iowa.

"I first became afflicted with rheumatism twenty years ago," says Mr Stukas. "When, in the course of my work, I was frequently exposed to dampness the rheumatism became gradually worse and I suffered from severe pains in my shoulders, arms and legs. Sometimes I could hardly raise my arm to feed myself and the pain was so great that I had to have help to get my coat on. My fingers were often numb, especially in the morning, and it seemed as though every joint in by body ached. My feet were alternately hot and cold and often they became so numb at night that I couldn't sleep.

I read about Dr. Williams' Pink Pills and procured a box. It wasn't more than a month before I saw that the remedy was helping me. Gradually the pain in my shoulders, arms and legs became less severe. My circulation has improved until I no longer feel that numbness in my hands or feet. I sleep well, have taken on flesh and feel better in every way than I have in a great many years. Dr Williams' Pink Pills helped me and I gladly recommend the remedy to others in need of a tonic."

Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams Medicine Co., Schenectady, N. Y., on receipt of price, 60 cents per box. Write for the free booklet, "Building Up the Blood," containing a special chapter on rheumatism.—Advertisement.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of head or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

DEEPER PROBE INTO SCHOOL AFFAIRS, PLAN

The board of education voted last night to continue its inquiry into charges of irregularities made recently by President Floyd Gray. This action was taken after a stormy discussion which followed the submission of a report by Secretary Lloyd D. Barzee substantiating many of the allegations.

President Gray said he was satisfied with Barzee's report, and believed the things complained of could not happen again. Dr. J. Loren Pease, a director, advocated referring the matter to the committee of the whole and indefinitely postponing action.

Director Fred Campbell demanded that the probe be continued. He said he was the most interested of the board members because he will go before the civil service board next week to prove charges made against an employee.

SPORTS CARNIVAL AT AUDITORIUM

The first sport carnival of the newly organized Industrial Athletic Association was held last night in the Municipal Auditorium. Teams representing the employees of many of the larger Eastbay manufacturing plants were present. After the athletic program the evening ended with dancing until midnight.

Here are the results in the girls' basketball games: Mazda Lamp Company defeated Western Electric, 18-5; Chevrolet Motor Car Company defeated Western Electric, 19-6; Mazda Lamp Company defeated California Cotton Mills, 18-5; Shredded Wheat Biscuit Company defeated California Cotton Mills 11-9.

Result of girls' volley ball contests were: Chevrolet motor, 15; Fageol motor, 11; Fageol motor, 15; Pacific Manifolding, 4; E. K. Former Supervisor Dies at His Home

J. R. Talcott, former member of the Alameda county board of supervisors and wealthy pioneer resident of this section, died at his home at 1760 High street, last night from a complication of stomach trouble and other ailments. Death was unexpected and Talcott appeared in fair health a few minutes before his death.

Talcott was a supervisor about fifteen years ago, serving several terms. He owned a ranch on the eastern edge of Oakland through which the Foothill boulevard was cut, which made his property extremely valuable. He leaves a widow, Mrs. Cynthia Talcott, a son, Seth R. Talcott, and a daughter, Anna Talcott Cawne. The son is connected with the Bowman Drug company.

Oakland Teachers Join U. C. Faculty

Miss Hulda Youngberg, supervisor of English in immigrant education, and Miss Ethel Swain, principal of a night school and member of the home teachers' department of Americanization, both of the Oakland school department, have been designated by Professor Leon J. Richardson, director of University of California extension, for the faculty of the citizenship institute, instruction in which will begin in San Francisco January 12.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about $2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

MRS. TABOR TO CLEAR MYSTERY

YREKA, Dec. 9.—Aged Mrs. Sarah Tabor awaited calmly here today the expected arrival of officers from Michigan. She will accompany them back to Lawton, where she will tell her death pact story as the explanation of the finding of her daughter Maud's body in a trunk in their home. The body was embalmed. Mrs. Tabor has stated she alone was with her daughter when she died and she alone put the body in a trunk. Joe Virgo, held by eastern authorities in connection with the affair, who believe he can clear the question of embalming, does not strike fear into the seventy-five-year-old mother's heart.

"I do not fear Joe Virgo," she says. "He probably now is trying to clear his skirts in advance of the unsavory story he knows must be told. I do not fear anyone. God alone is my judge, and He knows I have done no wrong."

Assyrian Is Told To Support Family

Father of three sets of triplets and two other minor children, N. E. Kodey, an Assyrian, went on strike when it came to supporting his numerous progeny. He thought the government should assume the task. Kodey appeared today before Superior Judge James G. Quinn on complaint of the Associated Charities. He said that if the law were so unreasonable as to expect him to support his own children, he would endeavor to do so. Judge Quinn gave him two weeks to "make good."

COURT PROBES STORY

A story of a sick wife and a nine months' old baby in the care of a stranger was told Superior Judge James G. Quinn today by B. Browning, accused of carrying a concealed weapon. He was convicted previously on a similar charge. Judge Quinn ordered Browning held until his story was investigated.

FACES BURGLARY CHARGE

After it had been testified that his victim saw him wearing a stolen suit on Broadway soon after a room was burglarized at Hotel Vernon, Eleventh and Franklin streets, Robert A. Whaley was committed to superior court in bail of $2000 today by Police Judge Mortimer Smith.

S. F. POLICE ON FIREBUG'S TRAIL

SAN FRANCISCO, Dec 9 — Efforts to find the man who is believed to be responsible for fifteen incendiary fires which destroyed property in this city totaling many thousands of dollars during the last ten days, are being put forth today by a detail under Captain of Detectives Duncan Matheson.

James Layden, fire marshal, expressed the belief yesterday that the fires were the work of a "firebug" Following a conference with Layden yesterday afternoon, Chief of Police White directed Captain Matheson to start a search for a dark-complexioned man, wearing a gray hat and coat and blue trousers, who was seen in Clementina street a few minutes before two fires were started.

Invention of artificial limbs and eyes is attributed to Ambrose Pare, who lived in the sixteenth century.

Youth is Jailed for Beating His Father

Terror-stricken by frequent attacks of violence by Daniel Vercelli, age 16, 611 Fourteenth street, the parents of the boy had the lad imprisoned today in the city prison.

Young Vercelli, the parents complained, became so violent at times that he administered beatings to his father and younger brother. The parents called the police last night. Young Vercelli was locked upon a charge of battery

GUN CARRIER JAILED.

M. G. Roeke, 1679 Fifth street, in the city jail charged with carrying a revolver and drawing it when Officer P. A. Pierce accosted him, denies that he drew the weapon as a hostile act. When he did draw it, however, the officer hit him over the head with his club, according to the records at the receiving hospital where he was treated for contusion of the scalp Police Inspectors Woods and Gallagher report that Roeke has carried a gun for over a year and that this is his first trouble. He says he carries it for self protection.

WOMAN HELD FOR SPOUSE'S MURDER

SAN LUIS OBISPO, Dec. 9—Mrs. Myrtle Dean was arrested in a hospital here yesterday and charged with the murder of her husband, Fred A. Dean, a rancher, who was found dead in their home near Paso Robles the night of November 17. His throat was cut and his head crushed. Two days later Mrs. Dean cut her throat, saying she was afraid she would lose her mind

Mrs. Dean refused to talk yesterday when served with the warrant by Constable W. H. Evans She was brought to the county jail here.

Dean slept in a room on the second floor and his wife and 14-year-old daughter occupied a room downstairs. According to the authorities Mrs. Dean rushed out in the morning and called in the neighbors She said she heard a slight disturbance during the night, but thought it a *prowling animal.*

District Attorney M. R. Van Wormer said yesterday that a strong case has been woven against Mrs Dean, but that the motive for the crime has not yet been established.

The authorities investigating the crime were unable to find evidence of any forcible attempt to enter the house A bloodstained razor was found in a pile of ashes in the rear of the house.

Legal Battle Looms in Mine Controversy

Indications of a battle over the affairs of the West End Consolidated Mining Company is contained in a petition for a writ of mandamus filed today by Attorney William G. Deal of San Francisco, who asks that the company be compelled to furnish him with a list of its stockholders and submit its books to him for examination

Deal says he owns twenty-five shares of stock and that he desires information as to the financial status of the company He says he wants the list of other stockholders in order that he may interview them as to their knowledge of the company's situation. He declares he has submitted a request for the stockholders' names and an examination of the books to the secretary, George C. Ellis, but that the latter has refused his request Ellis is made a defendant in the suit.

Raising of Trout Is Held to Be Industry

Raising of trout is not an agricultural pursuit but an industry So rules the state supreme court in the suit of Krobitsch vs State Industrial Accident Commission When Charles E. Starkey manager and caretaker of Krobitsch's trout farm at Olympia fell from a haywagon and was killed the state commission awarded his widow, Mrs Bertha Starkey, $2970 compensation Krobitsch fought the award on the contention that Starkey was engaged in the raising of livestock (trout), an excepted occupation, but the supreme court held otherwise.

PRICE OF MILK CAUSES FATHER TO LEAVE BABY

NEW YORK, Dec. 9.—The high price of milk was responsible for a seven-months-old baby being abandoned by its father in the Grand Central station yesterday, according to a note found in the youngster's hat by the police.

"Can't afford him on the price of milk they are charging today," said the note. "There are other I am trying to support"

The infant was turned over to the police by a man who said another man had asked him "to hold the baby" until he came back.

Many Motorists Pay Visit to Yosemite

Forty-two thousand, nine hundred motorists visited Yosemite Valley this year as against 26,669 in 1918, the California State Automobile Association has announced. The Sequoia Ntional Park was visited by 30,433 persons in automobiles as compared with 15,001 in 1918. Automobiles numbering 21,574 visited the General Grant Park during the touring season just closed as compared with 15,496 in 1918.

County Teachers to Meet Next Week

Due to misunderstanding, County Superintendent of Schools George W. Frick has again made the announcement that the semi-annual county teachers' examination will be held next Monday morning, December 15, at 9 o'clock in the Hall of Records. Teachers are required to pass with an average of 85 or better to qualify, but have the privilege of taking only half of the subjects now and the rest in June.

Charges False Arrest, Asks $5250 Damage

Alleging false arrest for embezzlement on February 8, L. E. Jackson this afternoon started suit for $5250 damages against Harry P. Drueke before Judge Joseph Koford. According to attorneys the arrest grew out of the purchase of an automobile on the installment plan and Drueke charged Jackson with attempting to leave the city with the machine before it was entirely paid for.

U. S. Doors Closed To Mongol Fighters

LOS ANGELES, Dec. 9.—Japanese, Chinese and Mongolians who served with the military forces of the United States may not be admitted to citizenship, according to the ruling of Federal Judge Benjamin F. Bledsoe, made known today. The decision was given in the case of En-Sk Song, a Korean under allegiance to the emperor of Japan.

Judge Bledsoe said:

"The wording of the amendment in citizenship laws was involved. I came to the conclusion it was not the intention of the government to admit any alien who had been barred previously."

BACK-YARD LIVE-STOCK OPPOSED BY CLUB PEOPLE

Back yard live stock farms to meet the high cost of living are condemned by members of the Oakmoor Improvement club, in the Broadmoor district, between Ninetieth avenue and San Leandro creek, San Leandro, who are waging a fight for elimination of the rabbits, chickens and goats that are inhabiting the back yards of the district in increasing numbers.

Residents of the district opposed to the hatcheries and chicken pens are threatening to appeal to the courts to drive out the industry. The subject will come up for discussion at the monthly meeting of the improvement club tomorrow night.

In a report made to the board of supervisors recently in support of the continuance of the farm adviser bureau it was said that Alameda county, and especially that section including San Leandro and Hayward, by reason of its favorable climatic conditions, is becoming the California center of the rabbit industry, growers moving to that section from all over the state, while the value of the poultry produce for the section was said to be over $4,000,000 a year.

Husband Sacrifices Love for His Wife

SAN FRANCISCO, Dec. 9.—Benjamin Hukill, formerly an Oklahoma rancher, makes love the basis for his divorce suit filed yesterday against Martha Hukill. He avers he cares for his wife too much to stand in the way of her happiness and at present her happiness seems to him to wait on her marriage to a former ensign in the navy.

Hukill sets forth that he met the ensign and said to him:

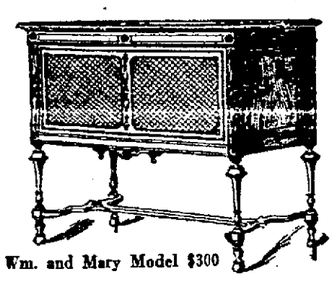

"I know she loves you more than she does me, and I am perfectly willing that you should take her. But should you fail to treat her with all consideration, you will be answerable to me, because I love her dearly."

A Home Recipe for Wrinkled, Saggy Skin

The famous saxolite lotion recommended by beautiy specialists for removing wrinkles and for reducing distended pores, can easily be made at home. Ask your druggist for saxolite in powdered form, one ounce, and a half pint of witch hazel. Dissolve the powder in the witch hazel and bathe the face, neck and hands in the solution. Results are remarkable, and instantaneous. The skin tightens, and this naturally reduces the wrinkles, as well as creases or folds about the neck, cheeks or hands. The tissue beneath the skin also becomes firmer and more solid.

One feels much refreshed and exhilarated after using this truly wonderful preparation. Many women look five or ten years younger after using it only a short time.—Advertisement.

Exit—Basement Store—Enter Downstairs Store

New Outside Entrance Completed

We Are Adding to Our Friends Every Day.

who are astonished to find so well an equipped Downstairs Store.

There are thousands of dollars' worth of merchandise in this Downstairs Store. All bought specially for it, no slough-offs from the upstairs departments—no tawdry stuff, but all dependable merchandise.

We put forth our best efforts to get what people need in quality for as little as possible. We insist on not selling anything in this low-priced store that is only good to look at and not of durable quality.

Makers who put on the market doubtful articles to catch the customers who look only at the price cannot get their goods on sale here.

With the completion of the new stairway leading from our Fourteenth Street vestibule to the floor below, we are changing the name from "BASEMENT STORE" to "DOWNSTAIRS STORE", since this name more adequately expresses the purpose and meaning of this important adjunct of the Capwell business.

A basement is liable to be associated with darkness and poor ventilation, whereas our lower-priced store is dry, light and filled with pure water-washed air that is in continual circulation. In fact, there are few stores located on the street level that are as attractive or offer the same conveniences.

This direct entrance downstairs from Fourteenth street is a long-desired accommodation to many of our customers, and we urge its use, if for no other purpose than to get a view of this modern, commodious and convenient Economy Store.

The TOYS, Too,

being located in this section, are proving to be a much greater convenience, as crowded elevators are avoided.

A busy, cheery, Christmassy place is the downstairs store--an inseparable part of the Capwell business, animated by the same high principles of fairness.

'A TAILOR-MADE MAN' SCORES HIT

Well well, our old friend, Dick Whittington! We missed the cat, but otherwise you were all there, Richard, with your youthful eye on the lord mayorship

Of course, you are Cohanized a bit. You talk considerable, Richard, and it's funny what you say, if not important You ought to do the things Napoleon left undone, and as we hadn't heard that Napoleon ever received a committee from the stevedores union, we guess you achieved it

[illegible] to say that "A Tailor-Made Man," written by Harry James Smith and staged by Cohan & Harris which opened at Ye Liberty theater last night for a week's run, is an amusing play

Opportunity [illegible] comes in the form of a dress suit. This is a reversal of procedure, as a dress suit usually comes after one joins the Shriners (No, we're not a member) John Paul Bart is a tailor's assistant, who dons the dress suit and goes to a ball. His nerve carries him through and he expounds to the great Abraham Nathan, financial king his plan for advertising the doctrine of Property. Nathan falls for it, and in a few months Bart is a leading light in the metropolis Then the gal question enters and Bart's tailor made past is revealed He goes back to the tailor shop sits on a table like a regular tailor while his society friends come and sneer But, ah, here's Nathan "I want you my boy" And Nathan goes Two chairs, the boss tailor places close The boss tailor goes From out the garret comes the boss tailor's fair daughter She occupies one chair, John Paul Bart the other And here was something else that Napoleon left undone

A capable company, headed by Harold Vermilyo, presents the comedy. The cast is said to be the largest sent out with any of the Cohan & Harris productions. The staging is particularly praiseworthy. We are even vouchsafed a quiet moment when dusk falls on the tailor shop and the pretty daughter pulls down the shades. Quiet, except for a hurdy gurdy. But that's quiet enough for a Cohan show, eh?—W. H. G.

Idleness is Sin

That goes for men—dollars—land. Wasting time in this emergency is criminal. "Produce!" is humanity's command. One class is producing normally—the farmer. Farmers of the San Joaquin Valley lead the world—and yet their marvelous annual earnings of $170,000,000 come from only 20 per cent of the Valley's potential acreage. They await more *power*, because increased production depends on power.

THE SAN JOAQUIN LIGHT & POWER CORPORATION, serving the San Joaquin Valley, is harnessing new power needed to meet the demands of the territory. Double the present hydro-electric power is being obtained by construction of the new plant on the San Joaquin River. This will be ready in July.

Seventy-five per cent of the cost of this hydro-electric development is provided by first and refunding mortgage 6 per cent bonds.

We offer you these bonds, which enable *dollars—men—land*—to serve humanity. Adequate earnings for the three are insured by the certain future of the San Joaquin Valley.

CAN YOU USE A TRUCK

Our Deferred Payment Plan has made it possible for thousands to start in business for themselves

DURING the past ten years $20,000,000 worth of Autocar Motor Trucks have been purchased on our Deferred Payment Plan. 98% of all payments due have been met in full at maturity and the balance have been met later. In the few cases where we have had to take back trucks to meet the final amount due, the trucks have been resold and generally a substantial balance returned to the original purchaser or his estate.

Autocar Motor Trucks, because of their reliability and efficiency, pay for themselves.

The distinctive Autocar system of Factory Branches insures maximum service and economy.

The price of Autocar Motor Trucks is the same whether sold for cash or on the Deferred Payment Plan, except for an interest charge at the rate of 7% per annum on any balance due.

A Deferred Payment purchaser is not penalized in any way whatsoever. Moreover, he can place his own insurance with any reliable insurance company.

SOLOELLE
The Tone-Coloring Solo Player Piano

"A mummy has come to life — a beautiful, living, breathing being has been made of an imitation. The player piano with its tiresome hurdy-gurdy music has been turned by the Soloelle into an instrument that produces music that is colorful, artistic and is as charming and as enticing as the playing of a highly skilled pianist.

"Nothing can be more inspiring than music in which the beautiful and ever-varying tone colors are harmoniously blended.

"Now that the Soloelle has been invented, I look for really marvelous musical results from the player piano."

Hear the Soloelle and you will at once realize that it is radically different—that it is far superior to all other player pianos—that it is the only player piano you want in your home.

There Are Two Reasons

First	*Second*
The Soloelle is the only player piano that affords complete and unrestricted control of Melody and Accompaniment separately.	The Soloelle is the only player piano that affords control of the tone-color—the kind, quality or character of tone as distinguished from quantity of tone (tone gradation).

$50 Cash Prize

THE OAKLAND REAL ESTATE BOARD has taken charge of a contest for the naming of that section of the City of Oakland lying along Moraga Road and the Oakland & Antioch Railroad, and extending from Rock Ridge and Claremont Districts to Joaquin Miller's, and from Upper Piedmont back to the Skyline Boulevard.

This area comprises some 2500 acres of residential land owned by the Realty Syndicate Company, who are now developing this section into a magnificent restricted residential park.

A name for this new section is desired and a prize of $50.00 cash is offered for the best name submitted before January 1st, 1920. (In case the name selected is submitted by more than one person, prizes of equal value will be given each.)

The one condition in submitting name is that you describe what you observed in this district that suggested to you the name you submit.

Mail names to

Oakland Real Estate Board
SYNDICATE BUILDING, OAKLAND.

To get to this new district, go out Moraga Road from Piedmont or out Park Boulevard to Moraga Road, or take Oakland & Antioch and get off at Thornhill Station.

RED SUSPCETS GO TO N.Y. FOR DEPORTATION

Paul Melinkoff, suspected of a part in the Greenwood bomb outrage in Oakland, when Mrs. George D. Greenwood was killed, is on his way to the deportation camp in New York.

Thirteen other aliens were in the party that left last night for New York, in charge of Government Agent Leo D. Russell.

Melinkoff and Basil Saffores, I. W. W. suspected of complicity in the dynamiting of Governor Stephens' home, were under extremely heavy guard. They will join Emma Goldman and Alexander Berkman at New York for the trip back to soviet Russia.

Melinkoff founded a school of Bolshevism at Seattle. Then he came to San Francisco for a similar purpose, but was arrested in a raid on the Jack London Memorial hall in San Francisco. Federal officials declare that he has a lurid dynamiting record in the east.

Body of M. J. Tevlin Arrives Tomorrow

The body of Matthew J. Tevlin, member of a pioneer family of Oakland, will arrive in this city tomorrow for funeral services. Tevlin was suddenly stricken with heart trouble on Saturday while en route to San Diego, on a business trip and died two hours out at sea. His widow, Mrs. Laura Tevlin, was with him at the time he was stricken and is accompanying his body home from the south.

Tevlin was 45 years of age and was born in Oakland, his parents being among the earliest settlers in this city. At the time of his death his home was on Thirty-seventh street in Emeryville. He followed the trade of painter.

Besides his widow Tevlin is survived by his mother, Mrs. Bridget Tevlin, and seven brothers and sisters, William, Charles, Richard and John Tevlin, Mrs. J. Moyles, Mrs. P. Le Clair and Mrs. George Carrington.

GAS! GAS! GAS! SQUIRRELS DON YOUR GAS MASKS

Alameda county squirrels will have to don their gas masks before long if they hope to escape annihilation, according to the extermination squad that is waging warfare on the rodents under direction of Fred Seulberger, county horticultural commissioner.

Having slain thousands of squirrels during the dry fall months through the use of poisoned grain, the exterminators will resort to carbon bisulphide gas when the ground becomes thoroughly soaked with rain. For three months the battle has been waged in the open, as it were, but during the winter "trench warfare" will be the order.

Success has attended the efforts of the poison squad, Seulberger says, and as a result of its work in killing off squirrels, farmers and stockmen of the county will be saved thousands of dollars next year. Destruction caused each year in the Livermore district alone by the rodents amounted fully to $500,000, according to the county horticultural commissioner. This season is the first that a systematic fight against squirrels has been carried on in Alameda county.

Man Discovers Cause of Falling Hair

Thought It Was Dandruff, But Prof. John H. Austin, Bacteriologist, Hair and Scalp Specialist of Chicago, Showed the Ailment to Be 'Alopecia Pityrodes."

Prof. Austin, who has had 40 years' experience in conditions of the hair and scalp, says there are about sixty different ailments to which the hair and scalp are subject. For instance, there is the above mentioned common scalp trouble, "Alopecia Pityrodes"—it starts with a scaling of the scalp, sometimes slight, called "dandruff," sometime abundant—producing thick, grayish-white dry or greasy scales—which lead to falling hair. This stage lasts from two to seven years, as a rule.

At first, when the hair starts to fall, it is hardly noticeable, but as this ailment, "Alopecia Pityrodes," becomes more deeply seated and the germs multiply, as they always do, the falling of the hair increases rapidly and in time the top of the head becomes entirely bald. Both men and women of all ages are subject to "Alopecia Pityrodes," but particularly those between the ages of 20 and 35 years.

Then, there are different stages of itching scalp, falling hair, excessively oily hair, dandruff, split hair, dry and brittle hair, and so on.

Prof. Austin says that the use of mange cures, dandruff cures, hair tonics, vaseline and elixirs is like taking medicine without knowing what you are trying to cure.

During the past two years at the Owl Drug Stores Prof. Austin has taught hundreds of people how to stop falling hair, grow new hair, remove dandruff and relieve itching scalp.

Prof. Austin has found that only the most powerful microscope can determine the exact trouble with which your hair is afflicted.

Both men and women are invited to take advantage of this Free Microscopic Examination of the hair and scalp. Hours 10 to 12 a. m. and 2 to 4 p. m. daily. The Owl Drug Store, 14th and Washington.—Advertisement.

REVELATIONS of a WIFE

By ADELE GARRISON.

(Continued from Yesterday.)

"She'll be all right, now," she said in a low tone. "When Marion curls up like that she is safe to sleep soundly for hours. Will you please come into the other room?"

I knew the tidings Lillian brought even as I followed her into the white and crimson living room, but I didn't ask a single question. Lillian was in a most perturbed mood, and I knew better than to bother her.

LILLIAN IS PERTURBED.

"Well, it's all over, Madge," she said at last, turning to me, and I was surprised to see that there were traces of tears on her face. Surely she owed no grief to the poor old creature upstairs, the mother of her first husband, who by her cowardice and weak sentiment for her son had caused Lillian so much misery. Then I recalled the many instances I had known of my friend's royal soul, and wondered no longer. There simply was no room in Lillian Underwood's being for petty resentment.

"Poor old soul," she mused. "How she adored Marion, and how the child loved her! I'm at my wits' end what to do, Madge." Her voice became staccato, worried. "When that baby wakes and finds her grandmother gone forever — I'm so afraid——"

Her voice broke, and I saw that for perhaps the first time in her life she was unable to arrive at one of her quick, unerring decisions. Thankful, indeed, was I that I had cut the Gordian knot, although I feared Lillian might be displeased when I should tell her how I had taken affairs into my own hands.

There was no use delaying the revelation, however. I took my courage in both hands and spoke quietly, yet with a certain emphasis.

"Why tell her?"

Lillian looked quickly, shrewdly at me.

"You mean get her away from the house as soon as she awakens? I thought of that, but I'm sure she won't go without demanding to see her grandmother. And while Marion is obedient in most things, I simply cannot manage her in one of her emotional outbursts, such as she must have had before we came in last night."

"But I think Robert Savarin could," I returned quietly. "Don't you remember how we used to smile at Marion's intense admiration for him last winter?"

"Robert Savarin!" Lillian demanded feverishly. "Have you taken [illegible] Madge?"

"Sit down, please." I pulled a chair forward for her, "and I'll tell you all about it. There's nothing to be perturbed about."

"KEEP IT UP."

She sank into the chair obediently, but with a curious expression on her face. I knew what it meant. This sudden initiative of mine took her off her feet a bit. She had been accustomed to decide everything for herself and everyone else for so many years that she hardly knew how to play any other role.

I wasted no words in telling her of what I had done, simply reproduced the words of my telephone conversation with Mrs. Cosgrove. There was no need to go into my motives or reasons for doing what I had done. That Lillian would understand, I was certain.

She listened quietly until I had finished. Then she sprang to her feet with an excited exclamation.

"The milk train! Why, Madge, he will be here in a couple of hours."

I noticed that she said "he," not "they," although I had told her that Robert Savarin's sister, Mrs. Cosgrove, was coming with the artist. I also observed that she gave a quick, dismayed glance down at her attire, rumpled and disordered from her attendance upon Marion and in the room of death upstairs.

"I know all about that," I returned calmly, "and I'll attend to everything. They will be here"—I consulted my watch—"in two hours. Now I want you to go into that room with Marion and sleep for an hour and a half. I'll promise to call you on the minute. That will give you half an hour for dressing——" I almost said "preening," but bit back the word in time. "And in the meantime, I'll go down into the kitchen and get them something to eat."

"But, Betty!" Lillian said uncertainly.

"I'll attend to Betty," I retorted decidedly. "Come, now, to bed you go."

She stepped forward impulsively, caught my hands and kissed me.

"You're a brick, Madge!" she said. "I don't know where this sudden cocksuredness of yours has come from, but it's very becoming—and valuable. Keep it up."

EASTBAY SOCIETY NEWS

MRS. GEORGE SCHREIBER, who recently arrived from Peru for a visit with relatives here.

Debutante Is Honor Guest At Luncheon

In honor of Miss Elizabeth Magee, the beautiful daughter of Mr. and Mrs. William A. Magee, and one of this season's most attractive debutantes, a luncheon was given this afternoon by Mrs. Frederick English Magee, who entertained at the Town and Country Club in San Francisco. A group of the buds of this winter and a few of those who will not be presented until a year hence were guests at the luncheon. The table was ornamented with a pretty arrangement of flowers in the autumn shades and dainty cards designated places for the following guests:

Misses Elizabeth Magee, Betty Merrill, Mora Macdonald, Laura Lindsay Miller, Betty Schmiedell, Amanda McNear, Elizabeth Bliss, Jessie Knowles, Claire Knight, Ellita Adams and Doris Schmiedell.

Yesterday afternoon Miss Elizabeth Bliss was hostess at a luncheon for Miss Magee and entertained her guests at the Charles Tobey Bliss home in the Crocker Highlands. Ten of her nearest friends from among the debutante set here was included in the guest list.

☼ ☼

Mr. and Mrs. Mark Lawrence Requa and their daughter, Miss Alice Requa, left last Sunday evening for New York and many of their friends gathered at the station to bid them farewell. They were guests at "the Highlands," the home of Mrs. Isaac Requa in Piedmont, during the past four weeks while preparing for the wedding of Miss Amy Requa and John Russell of Pasadena which was an event of last month at the handsome residence formerly occupied by the Mark Requas. Mr. and Mrs. Russell are now established in an attractive home in the south.

☼ ☼

COMING FROM THE NORTH.

Mrs. Francis Langton, who will be remembered as Miss Flora Miller, is coming from her home in Portland to pass the holidays with her parents, Mr. and Mrs. H. M. A. Miller, across the bay. The young matron is expected to arrive about December 20 and already there are several social affairs being planned in her honor. Mrs. Harry East Miller will entertain at a luncheon for Mrs. Langton and will set the date for the affair within the next fortnight. On the afternoon of December 22, Mrs. Langton's mother will give an elaborate luncheon for the visitor and will entertain at her home in San Francisco.

Mrs. George Schreiber arrived recently from Lima, Peru, and is to remain with her parents, Mr. and Mrs. William Locke, in Alameda, until spring. As Miss Florence Locke, Mrs. Schreiber was a favorite among the younger set in Alameda and following her marriage a couple of years ago she went to Lima, where her husband has extensive mining interests. Since her arrival Mrs. Schreiber has been entertained in a charming manner by her friends.

Yesterday afternoon Miss Phoebe Smith presided at a prettily-appointed luncheon at which she entertained the members of the Adams Point Bridge Club. The hostess invited the guests to her home on Vernon street and after luncheon a game of bridge was enjoyed by the group. Among the guests were: Mesdames Samuel Shepard, Joseph Errington, Louis D. Manning, John Van Hoosear, Marston Campbell, Elgin Stoddard, Charles Martin, Frank Hinckley, Gordon Stolp, H. W. Kent, E. S. Macdonald.

LEAVES FOR THE SOUTH.

After a visit of ten days with relatives here Mrs. Guy Waterbury (Laura Prather) left last evening for her home in the southern part of the state. Mrs. Waterbury visited her two sisters, Mrs. Harry East Miller and Mrs. Harrison Clay, and during her stay was entertained in an informal manner.

Mrs. Carrie E. Hall has returned to her home in this city after having passed a couple of weeks in Fresno with her two daughters, Mrs. Kenneth Gillis and Mrs. William Rogers.

Major and Mrs. George Dillman have asked a group of friends to be their guests next Saturday evening at the dinner dance which is to be in the nature of a house warming at the Claremont Country Club. The Dillmans have been residing at the club since the early part of the year. A party of sixteen will be entertained by Mr. and Mrs. Edgar Axton Jones, who also reside at the Country Club, and the Roger Chickerings will preside at a table for about ten guests. Judge and Mrs. Harry Manville Wright, Mr. and Mrs. Stuart S. Hawley, Mr. and Mrs. R. D. Holabird, Mr. and Mrs. R. W. Kinney and Mr. and Mrs. Frank Milton Avery are among others who will entertain large parties.

An informal tea was given this afternoon by the Misses Harriet and Eleanor Campbell at the home of their parents, Mr. and Mrs. W. R. L. Campbell, in Claremont. The affair was planned in honor of Miss Anita Ingram, the fiancee of James Mhoon Sawtelle.

Women Celebrate Anniversary of Pioneer Society

By EDNA B. KINARD

Forty-three years ago Ebell was born. This is its birthday. With mirth and good cheer and rare comradeship Ebell women flocked to the Harrison street clubhouse today to rejoice over the years that has lent dignity and honor to the pioneer woman's culture club in California. Birthday party and Christmas party combined, with gleaming tinsel and smell of evergeen boughs, and holly wreath everywhere.

In honor of those brave souls who led the vanguard of feminine progress, the younger ones gathered about the breakfast board to do homage to the ones who came together first to found Ebell. Just a little group of the fifty-four remain. They are Miss J. W. Bacon, Mrs. W. S. Bartlett, Miss M. E. Bigbee, Mrs. J. H. MacLafferty, Mrs. J. H. Branthaver, Miss Alice Call, Mrs. A. C. Cannon, Mrs. H. N. Carpentier, Mrs. E. T. Crane, Mrs. V. M. Fenslee, Miss Carrie Field, Miss Gertrude Gallapher, Mrs. E. E. Greenman, Mrs. M. M. Hardy, Mrs. F. E. Hawes, Miss Sarah Jackson, Mrs. S. J. McChesney, Miss E. M. Pinkham, Miss Isabelle G. Prince, Miss Kate O. Sessions, Mrs. W. H. Whalen, Mrs. C. W. Wendte, Mrs. F. F. Weston, Miss Julia Willson. Of these many are scattered to leave vacant places in the charter members' table.

Ebell was founded in December, 1876, by Dr. Adrien Ebell, incorporated in 1884; federated in 1893, and became a member of the California Federation of Women's Clubs in 1900. Twenty-one presidents have presided over its destiny, not one ever permitting the lowering of the ideals for whicsh it was created. Nineteen of these executives are still living. Ebell has many achievements to its credit, chief among which was perhaps the purchasing of Oakland's free library site and the newest gift to Alameda county, the children's wing of the Public Health Center.

The particular feature of this afternoon's program was the one reel comedy cleverly written by Mrs. E. D. Yorker and not sparing the club's foibles or members.

Mrs. Esther Snyder, director for the girls' division, War Camp Community Service; Mrs. Gonzales, representing the Young Women's Christian Association, and Mrs. George Barnes Bird, a founder of the Big Sisters, will be the speakers before the Big Sisters gathered in the Y. W. C. A. building tomorrow afternoon at 2 p. m. "The Future of the Girls' Club," from which federal aid will be taken after three months will be discussed by Mrs. Snyder. The work of the registry of rooms available to young women seeking homes will be outlined by Mrs. Gonzales. How women in southern California are meeting their problems will be the theme for Mrs. Bird's talk.

Alta Mira Club closed its year on Monday last, when the members assembled with their specially invited guests for an afternoon of cards and informal tea. The festivities followed a brief business session. The approach of holidays is sending every woman to her own fireside and the omitting of the regular program of holiday week.

HOUSEHOLD HINTS

Here are some excellent gingerbread recipes:

SOFT GINGERBREAD.

1 egg
Half cupful of sugar
1¾ cupfuls of flour
½ cupful of butter
½ cupful of molasses
1 cupful of sour milk
¾ teaspoonful of soda
1 teaspoonful of baking powder
1 teaspoonful of ginger
1 teaspoonful of cinnamon
¼ teaspoonful of salt

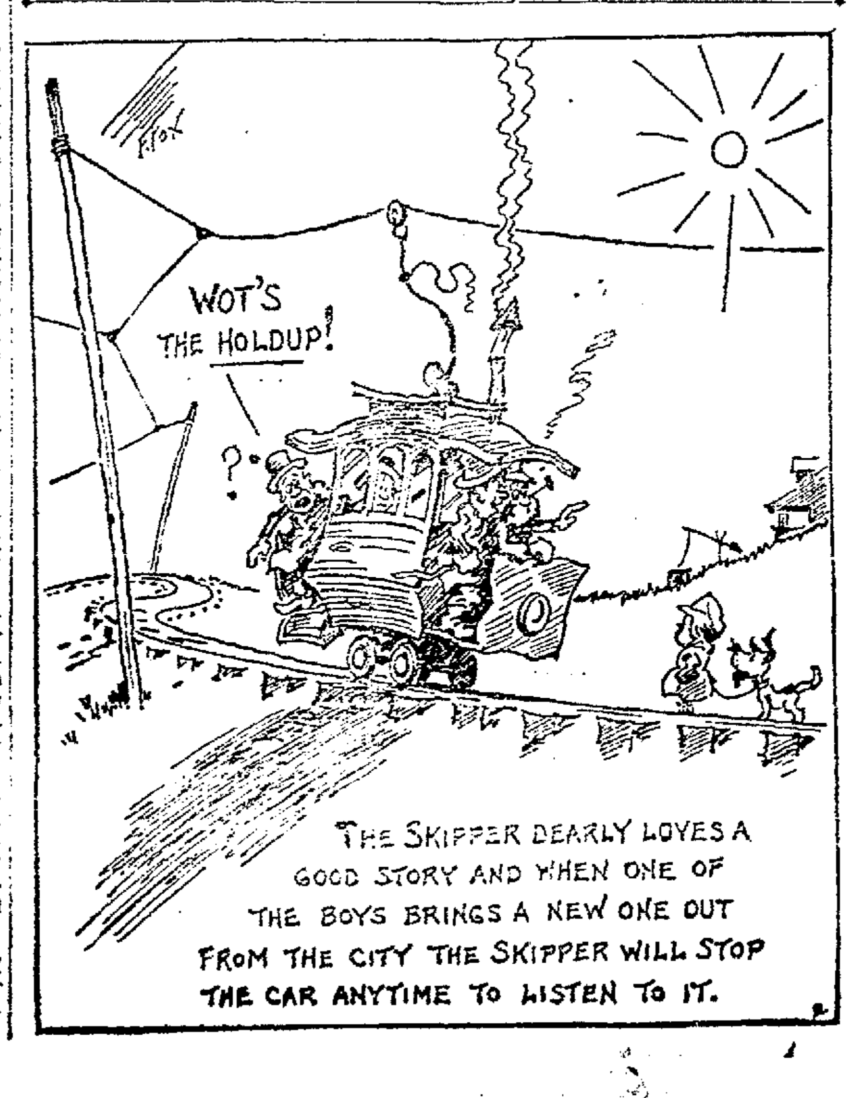

This gingerbread requires a great deal of beating but it is more delicate and light than others. First beat the egg, then add sugar and beat well. Mix together the sour milk and soda and add. Sift together all dry ingredients, beat with other mixture, and finally add the molasses and melted butter. Beat well and pour into a shallow, greased pan. Bae halw ETAO NUNNNNN pan. Bake half an hour.

GINGER COOKIES.

½ cupful of shortening
1 cupful of brown sugar
TH AR OD IL NU NUN U UY
½ cupful of milk
2¼ cupfuls of flour
½ teaspoonful of soda
¼ teaspoonful of salt
1¼ teaspoonfuls of ginger

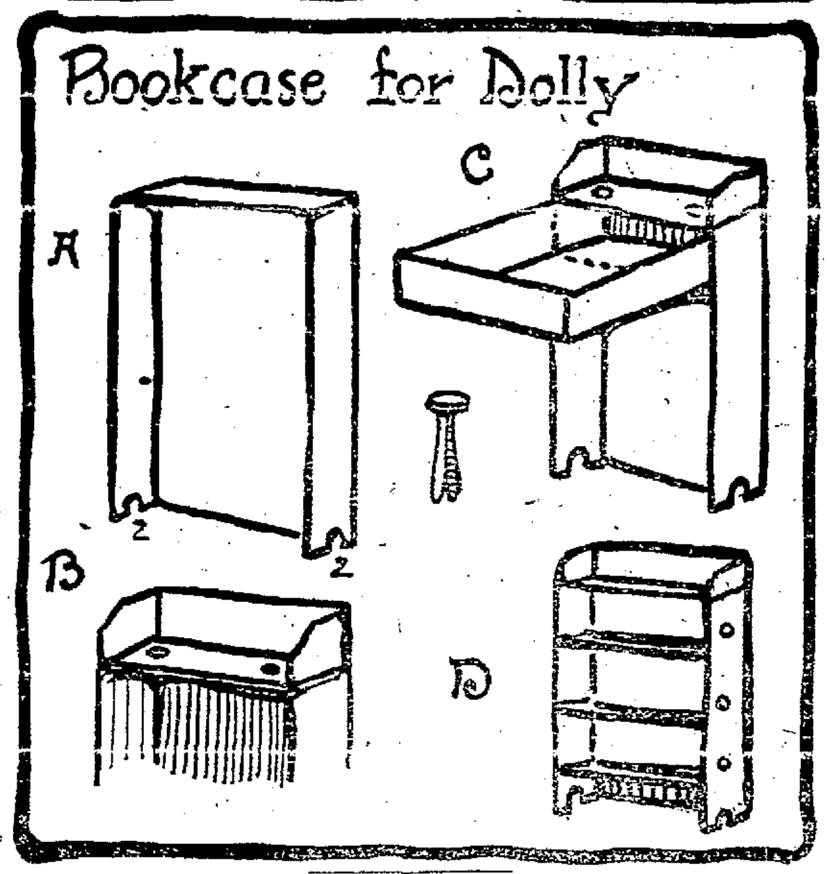

Cream shortening, add sugar, then sifted dry ingredients and add alternately with milk. Set in a cold place, roll thin and cut with fancy or round cooky cutter. Bake in a moderate oven eight minutes.

THE TOONERVILLE TROLLEY THAT MEETS ALL TRAINS. By FOX

AUNT ELSIE'S KIDDIE KORNER

Bookcase for Dolly

I certainly hope you're going to give dolly some books for Christmas so that she'll have something to amuse herself with during the long days when you are at school. Why of COURSE she likes books and you can make such cunning wee ones out of brown paper and bits of pictures cut from everywhere. And here's a case to hold them in when they are all finished. It comes from a jolly book—"When Mother Lets Us Make Paper Box Furniture," by G. Ellingwood Rich.

For this book case you will need a paper box with a cover that comes down all around it—like a box for note paper. For a tiny book case you could use the powder boxes that comes from the druggist's. First take the COVER part and cut off a small portion of one end, as in Fig A, making little half circles like Z and Z as you would find them in the bottom of a regular book case. Now attach the portion which you cut off to the TOP of your book case, as in Fig. B—and fasten it through to the main part with paper snaps. Next you must put in the shelves. The INSIDE BOX, not the cover, is used for this. Cut off a section at a time and fasten it to the sides of the case with snaps. Fig C shows how the shelves are pushed in, marked for depth and then cut off to suit. Put in as many shelves as your case will hold.

Fig D shows the finished case. You can fill it with books—and even hang a tiny curtain across the front if you wish—gathering the curtain on a tape and pasting the tape to the sides of the case.

INGEBORG HYLEN

Once there was a wicked old witch named Lofufious. She lived on the edge of the forest near the King's palace—and she had one great desire, to be in the place of the beautiful Princess.

So she summoned all of her wicked fairies and said: "How can I take the Princess' place?"

One of the fairies answered: "I know a way. There is a witch who is a good friend of the King's but your bitter enemy. She has a servant, named Mink, who is also loyal to the King. Mink knows how you could take the place of the Princess."

"Very well," said Lofufious, "there is nothing for me to do but to declare yar on the good witch. So it shall be done. Where does she live?"

"Her name is Catchenen," and she lives at the other end of the forest," said the wicked fairy.

The old witch answered: "Because you have helped me you shall no longer be my slave but my chief counsellor."

Now the good witch had only five servants against the 500 of the wicked witch. But they fought bravely until three were killed and two left, one of them being Mink. Then by his power he killed the leaders of the wicked witch's troops. After that her soldiers surrendered. Then at once a Golden Star fell from heaven on the three loyal servants who had been killed and they were at once restored to life. Mink married the Princess and his companion married another lovely girl and the wicked witch was abolished forever.

They are writing descriptions of VIEWS in Carma's school and here is what Carma wrote. I think it's lovely—don't you?

A Pretty View

Looking down the hilltop something caught my eye. It was the never ending meadow. At the foot of the hill were fences made to keep the cattle from wandering at their will. Farther back were the endless chains of mountains with their high and rocky cliffs trying to reach the sky. Covering their sides were tall pine forests, swinging and sighing as if to keep time with the rippling creek at their feet. White clouds rolled their way across the sky. In the midst the sun shone down smiling as if pleased at the view.

The Poor Princess

Once there lived on a wild mountain a wonderfully beautiful girl named Dorenia. Her parents had died and left her there alone and she was known as "the poor princess." One day as she was walking in the wilderness a man sprang from the bushes and caught her. It was the King!

"I am going to take you to my palace," said he.

She tried to get away but he would not let her go and soon she was in the wonderful palace grounds where flowers stretched on every side. At once she loved it. In a little while the Prince loved her and married her and when the king died they reigned together. How she loved her beautiful home! She was never again known as the poor Princess.

RELIGION.

"It seems too bad," said he to me,
"That you and I should disagree.
What difference should it ever make
Which road to heaven you choose to take?
If you are ill, I do not frown
Because you call in Dr. Brown,
Nor do you sneer when I feel mean
Because I call in Dr. Green.
Though I prefer an allopath,
You do not vent on me your wrath.

"In summertime you like the sea;
The golf links have a charm for me.
Where'er your days of rest you spend
I still am proud to call you friend.
Should I your glory then besmirch
Because you choose a different church?
Or should you fail me as a friend
Because I somewhere else attend?
Do not all Christian doctrines plan
To worship God and better man?

"I do not ask that you shall eat
My choice of fish or fowl or meat,
Nor read the books which please me most,
Nor like the things of which I boast.
I do not hold your friendship less
Because you wear a different dress,
Nor do you think the less of me
For wanting sugar in my tea.
You call me friend, and still maintain
Your right to drink your beverage plain.

"The proof of all our varying creeds
Lies not in printed words, but deeds.
And Catholic, Protestant and Jew
Shall all be judged by what they do.
Men don't dictate or even care
What garb their friends may choose to wear.
Nor hold from merit words of praise
Because it walks in different ways.
Should we then unto men refuse
The right to worship as they choose?"

Sugar Bill Action Expected in Senate

WASHINGTON, Dec. 9.—Congressional action on the McNary bill designed to relieve the sugar famine was in sight today.

McNary will try to have the Senate dispose of the measure this week and hopes to get House action before the holiday recess. The bill continues through 1920 the sugar equalization board which, without this legislation, would go out of existence January 1.

TRADE BALANCE SETS NEW MARK

WASHINGTON, Dec. 9.—America's trade balance for the fiscal year ended last June 30 was $3,978,134,948, "a figure never approached in the commerce of any nation in the history of the world," said the annual report of the Secretary of Commerce.

New high marks were established in both exports and imports, exports totaling $7,074,011,529 and imports $3,095,876,582. Exports to Europe aggregated $4,634,816,841, to North America $1,291,922,242, to Asia $603,924,548 and to South America $400,901,601.

Despite war losses, the world's merchant tonnage is larger now than at any other time in history, the report said, the total tonnage being 50,919,000 gross, compared with 49,089,000 in 1914. The present average efficiency of the world's merchant tonnage, however, is below that of 1914, "because of inherent reasons in construction and for extraneous reasons, such as port congestion, labor troubles and management."

Net gain in steam tonnage for the world was placed at 2,500,000 gross tons, while that of the United States was 7,600,000 gross tons, the loss of the rest of the world being 5,100,000 gross tons. Merchant tonnage now under construction is more than double the pre-war output. Steel steam tonnage for the United States at the close of the past fiscal year was over 6,000,000 gross tons, four times greater than 1914, and is increasing at the rate of 350,000 tons monthly.

FROM OAKLAND TO RICHMOND IN 34 MIN., IS PLAN

SAN FRANCISCO, Dec. 9.—Over the protests of the San Francisco-Oakland Terminal railways and the Bay Shore Stage company, the railroad commission has granted to the Oakland-Vallejo Transit company a permit to operate an auto stage line between Richmond and Oakland and intermediate points. The company has been operating between Oakland and Rodeo, giving a through service. Backed by residents of Richmond, El Cerrito and Albany, the company asked for authority to pick up local traffic, claiming that the existing service was inadequate. It is proposed to make a trip between Twenty-third street and McDonald avenue, Richmond, and Fourteenth street and Broadway, Oakland, in thirty-four minutes as against the 50 minutes required by the street cars.

FIVE WOMEN HURT IN AUTO WRECKS

Women were victims in a series of automobile accidents in the last twenty-four hours. There was one arrest.

In a collision at Fourth and Broadway, Mrs. Louise Keeley Thomas, wife of Hayward C. Thomas, 2539 Durant avenue, was thrown through the glass window of a closed automobile. George S. Watterman, city trustee of Fresno, was arrested, charged with carelessness in driving his machine into the one in which Mrs. Thomas was riding.

Watterman said the glare from the afternoon sun prevented him from seeing the other automobile. He was later released.

Mrs. Thomas was not seriously injured.

Severe injuries were suffered by Helen Hitsley, aged 16, 205 Sunnyside avenue, and Pauline Eubanks, 17, 2166 High street, when the automobile in which they were riding was struck by a machine driven by Clifford H. Wagenet, 355 Twelfth street. Wagenet had just dodged another automobile. Miss Hitsley has concussion of the brain and Miss Eubanks severe cuts.

Miss Alice Craig, aged 23, a stenographer, living at 2415 Harper court, was being taken home in an automobile following a sudden attack of illness when the machine struck a cream truck at East Twelfth street and Tenth avenue. Miss Craig suffered severe cuts and bruises on the head. Miss Mildred Walsh, 22, also a stenographer, residing at 6829 Thirty-ninth street, was in the car and received cuts.

Alleged Burglar is Wanted Elsewhere

Information that E. Walker, charged with burglary, was awaiting sentence on a statutory charge at Fairfield, resulted in the burglary case being continued when it was called for trial before Judge James G. Quinn today.

Walker was captured by boarders at 2335 Myrtle street shortly after Mrs. Emma De Gasso had awakened and saw a man in her room. She screamed and the boarders arrived in time to find Walker climbing out of the window. He only wore trousers and a shirt and first told the police that he was intoxicated and mistook the house for his home, explaining he always climbed in through the window when he came home late. Later he confessed to the police he had entered the place with the intention of stealing.

Safely Stops Colds As Told in "Bayer Packages."

To break up a cold in the head, neck, back, or any part of body be sure you take only "Bayer Tablets of Aspirin" with the safety "Bayer Cross" on them. This is the genuine Aspirin, proved safe by millions and prescribed by physicians for over eighteen years.

You must say "Bayer"—Don't merely ask for Aspirin Tablets. Then you can take them without fear, to relieve your Colds, Headache, Neuralgia, Earache, Toothache, Rheumatism, Sciatica, Lumbago, Neuritis and Pains generally.

Handy tin boxes containing 12 tablets cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Advertisement.

Wealthy Packer Gets Three Dollars a Day

STOMACH O. K.

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapepsin"

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.—Advertisement.

Nurse Jailed for Alleged Hotel Theft

LOS ANGELES, Dec. 9.—Signora Tichenor, the pretty nurse who, despondent because her soldier husband chose to remain in France and share his love with a French maid, attempted to kill herself on the mezzanine floor of the Alexandria Hotel early last month by taking poison, was arrested and locked in the city jail yesterday charged with suspicion of grand larceny.

In a black pigskin bag taken from her room in a hotel at Fourth and Olive streets officers found a large quantity of silverware bearing the engraved crest of the Van Nuys Hotel.

"It belongs to a friend; I didn't take it. But I can't tell who did," she said.

NAVAL BASE QUESTION SETTLED.

As appears from the supplementary report of the Secretary of the Navy, published elsewhere in this issue of THE TRIBUNE, Congress is asked to authorize the establishment of a new naval base on San Francisco bay, and to vote the preliminary appropriation to begin the work. The special board of naval officers which Secretary Daniels selected to advise him in the matter recommends the adoption of the Helm commission report on Pacific naval bases. If this recommendation is carried into effect the Alameda tidelands will become the site of the new naval base.

The special board, headed by Rear-Admiral McKean, and which accompanied Secretary Daniels to the Eastbay district last September, endorses the Helm commission in every important detail. It is in full agreement with the Helm commission's conclusion that all previously considered sites other than Mare Island, Hunter's Point and Alameda should be eliminated from consideration. It further agrees that Mare Island is unavailable, for development as a first-class naval base because of physical limitations at that navy yard.

The special board favors the Alameda site as against all others, but is not yet prepared to recommend the final elimination of the latter site from consideration until further borings have been taken to determine the soil conditions of the proposed dock sites at Alameda. But as to Hunter's Point it says significantly:

"The board is of the opinion that if the present drydock of the Bethlehem Steel Corporation could be purchased and included in the site it would add greatly to its value to the navy, *but would not be to the advantage of the country or the port of San Francisco, as this would of necessity take away at least to some extent the docking facilities for commercial vessels and these facilities are now entirely inadequate to meet the needs of our merchant fleet.*"

As to the Alameda site, the special board reports as follows:

"The board is in agreement with the recommendations of the Helm commission, but cannot make final recommendation until further borings have been taken to completely determine underlying soil conditions. The board is impressed with the many advantages of this site, especially with the area available for future expansion, should such expansion be found necessary.

"The board was very favorably impressed with the living conditions available for the necessary employees, and believes that a higher class and more permanent labor force will be available than at any other site.

"The board is also impressed with the much more favorable location of this site for the delivery of storage of fuel, both coal and oil, and of all ship's stores and industrial supplies delivered by rail. This feature makes this site by far the most desirable one on which to locate the complete fleet supply base so essential to support the activities of the fleet in the Pacific, as well as for transshipment to Honolulu, Guam and the Philippines for the fleet while operating therefrom.

"The board notes the location of the department of the large development of new shipyards in this immediate vicinity, which indicates that local commercial interests, familiar with all the conditions surrounding San Francisco bay, now apparently prefer this area for those activities to those previously most in favor. This concentration of shipbuilding and shiprepair plants will undoubtedly bring with it a large permanent local labor supply of the types needed at the base.

"Should the borings to be taken, prove, as the board expects from the data so far obtained, the board's final recommendation will fully agree with the Helm commission in its decision in favor of this site as against all others."

This leaves the final decision in favor of Alameda dependent upon the sole question of the suitability of the soil for dock sites. This question is to be settled by borings. The outcome of these tests will be satisfactory, as the character of the Alameda beach is known to be adequately stable for dock construction. The other advantages which the Alameda site enjoys are set forth by the McKean board and are indisputable. They are not possessed by any other site.

Tests of the Alameda site were taken during the Helm survey. Mr. Daniels' advisors evidently desire to check up on these because of the representations of the proponents of Hunter's Point as to the character of the foundation. Allegations of unsuitable foundations have been the chief argument of the opponents of the Alameda naval base, but they are without merit.

The best expert ability of the navy has been devoted to the settlement of the naval base location. There is complete agreement upon the Alameda site. Politicians and arbitrary obstructionists may try to interfere with the decision but it is unthinkable that they can succeed in preventing an immediate beginning of the construction of this most important unit in the great Pacific naval force.

THE PRESIDENT DECLINES.

President Wilson has reasserted his determination to stand against any action of Congress looking toward the provision of adequate protection for American citizens in Mexico and along the Mexican border district of the United States. He predicates his plan in this respect upon the constitutional prerogatives of his office and leaves unanswered the question whether in his opinion drastic action against Mexico is at this time appropriate.

Replying to a request for his opinion upon the resolution of Senator Fall, providing that diplomatic relations between the United States and Mexico be severed, the President says that he is confident the only safe course is to adhere to the prescribed method of the Constitution. He would be very gravely concerned to see the Fall resolution passed by Congress.

By this he means that the constitutional authority of the chief executive to speak for the government in its relations with foreign nations might be infringed. He is averse to such a prospect.

There will be few members of the Congress to challenge the President's stand that the "initiative in directing the relations of our government with foreign governments is assigned by the Constitution to the executive and to the executive only." Nor to his observation that only one of the two houses of Congress is associated with the President by the Constitution in an advisory capacity, and the advice of the Senate provided for only when sought by the executive in regard to explicit agreements with foreign governments.

But many persons will conclude that the President might very well consult the sentiment of the country as expressed through both houses of Congress without seriously endangering his constitutional rights and privileges. There can be little question that the country has concluded that seven years of indifference toward American rights in Mexico, of supine submission to every conceivable outrage the responsibility of which runs directly to the so-called Carranza government, has been quite enough and that something ought to be done to bring the disgraceful chapter to a close.

President Wilson has been responsible for the entire period of the relations between this government and the Carranza regime. He accepts responsibility for the past and sharply declines to divide responsibility for what may happen in the future. So be it! But if outrages by Mexicans against American citizens continue it will become increasingly difficult for the President to ward off the demand for corrective action by claims of constitutional immunity from the well-meaning advice of Congress.

When a few days ago the municipal government of Baltimore revived the enforcement of the ancient "blue laws" the country was once again reminded that several States in the East still retain the code of pre-Revolutionary days and call it into action upon special occasion. This usually happens just before an election, when the extraordinary restriction upon public conduct may help some politician or group of office seekers. In nearly every case the interpretation of the old laws is left to the police and political bosses, the "reform wave" is blown by the wind of selfishness and the harassment of the people is always severe. In their calmer moments it would seem that the people of the States which constituted the original thirteen colonies would consider the fact that laws enacted a century or so ago do not exactly fit current ideas and necessities. If they did they surely would repeal the "blue laws" and adopt regulations which have the endorsement of living citizens, and therefore susceptible of uniform enforcement without being employed as a club by political adventurers.

Postmaster General Burleson reports a surplus in the operations of the Postoffice Department of $2,342,851. Yet the insurance on lost packages is not paid on the plea that there are no funds available for the purpose, notwithstanding that the postal authorities are still accepting insurance fees on parcel post mail. Apparently somebody is misrepresenting things or there is obstructive inefficiency in the administration of the postal revenues. Perhaps there is a little of both.

About the best thing Uncle Sam could do in his relations with Mexico would be to disregard Carranza's high import duties on soap and give Mexico a good washing on the face and behind the ears. Then the event would in future be celebrated as a "clean-up" day and not as a war declarat

NOTES and COMMENT

A despatch states that the vice-president backs the coal miners, expressing the opinion that they are inadequately compensated. Which seems to be his contribution to the solution of the fuel famine. It lacks in calories, and will not greatly relieve the stress of the millions who are shivering.

The Chicago effort to speed up hens by keeping electric lights going at night in henneries is worthy. It shows an earnest desire to combat the high cost of living. Though it may require fine figuring to differentiate between the cost of the normal egg and of the "juice" that inspires the abnormal.

It is frequently stated that the price of horses and mules being as high as ever, that is proof that the automobile has not eliminated the equine. But the fact seems to be that, horse-breeding having fairly stopped, there are not enough steeds for the few demands that persist—of people who will not conform to the new order, and of genuine horse-lovers. But the horse is still a long way from being a relic of the past.

* * *

The recent attitude of Germany is a pretty good indication there is to be no hiatus in the American dry spell. Instead of the war being officially ended, there is some appearance that it is to be revived in full force, in which case the war prohibition will lap the constitutional prohibition that begins January 16.

* * *

The negotiations looking to ending the coal strike were something like those at Versailles—secret. The American people are apt to distrust public negotiations thus kept from them. The reason for this later secrecy isn't plain, and we have seen what happened to the peace treaty. Whence it is to be deduced that when possible it is a good thing to spread the news as to national affairs.

The American Legion is to be a great force to abolish Teutonism in this country, which is one of the methods of promoting Americanism. Protesting against Wagner in symphony is a detail. NURSING A REPTILE PRESS

Of the anarchistic publications in this city, most of them in foreign languages, the State authorities claim to have proof that about twenty-five are kept alive by the [illegible] of "one hundred or more men and women of the parlor Bolshevik type and a few wealthy men and women against whom there previously had been no suspicion of radical tendencies." It is promised that the list will be made public soon.

Accepting the truth of this statement, the guilt of the conductors of such organs of violence and plunder may not be confined to their preachments. A law enacted by Congress in 1912 and fully sustained by the Supreme Court in 1913 requires semi-annual sworn statements from the publishers of all newspapers and periodicals, giving the names of editors, owners, stockholders and bondholders. Possibly these patrons of anarchy think they do not figure in any of the capacities mentioned, being only contributing editors, so to speak, but failure to name them constitutes at least a violation of the spirit of the act. If their money does in fact keep the lawless press alive, they are more accurately to be described as its owners than the agitators who thrive on their bounty.

On pain of fine and imprisonment, government forbids secrecy as to the ownership and financial obligations of newspapers. A policy to which no honest journal or periodical can object certainly ought to be serviceable in the cases of publications blatantly devoted to revolution by force and pillage. We should have the names of all such benefactors of Bolshevism—First, for wholesome publicity and secondly, for such responsibility under violated law as the courts shall determine.—New York World.

HEALTH and HAPPINESS

Why Drinking Water With Your Meals is Now Advised

By DR. LEONARD K. HIRSHBERG, A. B., M. A., M. D. (Johns Hopkins University.)

When the mid-section of a man's girth begins to enlarge, he diets, exercises, worries, keeps awake, rolls, lies down and even pretends to die. Yet the embonpoint often remains. Comes then, in the season of this discontent, the thought:

"Shall I or shall I not drink water with my meals?" and two different echoes answer "No!" "Yes!"

Prof. Carrington goes on to say how the juices are weakened by dilution, washed away in too great a hurry and thus the strength of the blood and tissues is lowered.

If what Prof. Carrington says is correct, civilized man would have to live without cooks or water and he would be a sorry looking creature at best.

Prof. I. Hawk, with a volunteer corps of university students, undertook not very long ago to settle this matter in a practical as well as a scientific manner. His facts contradict the time-honored views with decision and finality. As a result of drinking water with meals none of the consequences predicted was to be found. Not one of the subjects became fat and not one wasted away into skin and bones.

Prof. Hawk's researches indicate that ont only does water drinking with meals not harm, but he finds that "there is a better digestion as well as a more complete utilization of meaty foods."

Moreover, the efficiency of the stomach to do away with "proteins" is greatly reduced in persons who drink little fluid with their meals.

Any one accustomed to drinking copious draughts of water with his rations is able to assimilate more and stronger food with greater success than those who do so spasmodically. This was ascertained experimentally.

Strange to tell, oils and fats, which do not mix well with water in a test tube, are digested with decidedly more ease in a stomach with lots of water than in the stomach of persons who abstain from water at meal time.

Obviously, this is an unmeasurable discovery as far as its service to those ill with wasting ailments such as tuberculosis, cancer or muscular strain is concerned.

Professor Pawlaw, Russian physiologist, has not neglected this problem. He also detects that water, instead of weakening the gastric juices, augments them by stimulating their flow. Thus at last the pleasant practice of drinking water with meals comes into its own. It aids digestion, increases nutrition and decidedly benefits the human anatomy.

STATE RAILWAY BOARD REPLIES TO ITS CRITICS

Resolution by Berkeley Council Withdrawing from Terminal Franchise Proceeding Evokes Rather Hot Response

The State Railroad Commission today replied, in a statement bristling with sarcasm, to the attack made upon it last week by the city council and city attorney of Berkeley.

A resolution passed by the Berkeley council, requesting that the city be permitted to withdraw from all proceedings growing out of the application of the San Francisco-Oakland Terminal Railways for a valuation with view to a resettlement franchise, meets with the retort:

"The resolution shows a lamentable lack of knowledge of the facts, the city council apparently not even knowing that the City of Berkeley, acting through the city council, itself had filed the application upon which the case is based."

CONDITIONS STATED

The commission declares that if the city desires to withdraw its own application it may do so, but asks that this be stated in the resolution.

Principal fire is drawn by a preamble to the council's resolution, which was prepared by City Attorney Frank V. Cornish, charging that "the confidence of the public, formerly enjoyed by the Railroad Commission, is rapidly waning by reason of its changed policy in dealing with the municipalities and their public utilities."

SAY CRITICISM UNJUST

To this the commission replies:

"Possibly the four members of the Berkeley city council who felt themselves authorized to speak for all the people of California have been so diligently employed in attacking the Railroad Commission that they lacked either the time to ascertain or the capacity to understand the origin or status of this procedure or the effect of their own action.

"If we were to presume to the extent of advising the council as to its procedure where it endeavors to offer gratuitous and apparently studied and unjust criticism of this body, our suggestion would be that it first know the facts, obviously something it was ignorant of in this situation; and, furthermore, that it might also be advised as to the law in the premises, something which we are constrained to believe was also missing in the situation."

Oakland Housewives Open Attack on Weinstock as Head of 'Vicious Combine'

Charging State Market Director Weinstock with being the head of a vicious machine which is operating in this State in foodstuffs; terming the California Association of Dairymen, Inc., with headquarters in Sacramento, a vampire; pledging themselves to the purchase of the government flour made from soft wheat which will be put on the market next week according to the announcement of Food Director Ralph Merritt; considering the possibility of the high cost of the Christmas turkey, and discovering that in many localities bread was being offered at 8 and 13 cents a loaf, members of the Oakland Housewives' League, meeting yesterday in the council chambers of the City Hall, participated in a strenuous session.

"The power of the Weinstock machine is a wonderful power in the State legislature, and the only way that we can settle the controversy is by direct action on the part of the voters of this State," declared Mrs. W. T. Cleverdon. "A vicious combine is operating in this State. It is a question of not how much we pay, but whether we can afford to allow food necessities to come into the hands which would starve us into submission.

"The milk combine is Weinstock's work and he boasts of it," the speaker declared. "Let it be said the legislators in this district were loyal with one or two exceptions to the interests of the people."

"Women are learning to stand together to demand of State authorities that the food vampires must be killed," asserted Dr. Beth Northington, chairman of the milk investigation committee. "Weinstock is not innocent in this milk combine, but has endorsed it and urged joining it. We demand to see some one in the office of State market director who at least sends replies in answer to the mass of reports sent to him. Dr. Northington made the statement that the organized attempt to control the milk industry in California was clear.

"The government is probing lots of things," she commented, "and when it gets through we pay much more for the commodity."

In a program to reduce the cost of milk, Miss Caro H. Mitchell, formerly bacteriologist for the Association of Milk Producers, offered seven plans: Pasteurization at the point of production under inspection; zone system of distribution; pay-in-advance or ticket system; establishment of milk depots at grocers under a carry system; wider use of goat milk; municipal Pasteurization and dairy; government control of milk supply.

Declaring that milk cows in this district were a "mongrel type of herd," Miss Mitchell recited some interesting facts having to do with the local milk situation. When the University of California is in session an additional 7000 quarts daily are demanded. Twenty-one thousand quarts of milk are brought into Oakland daily, 12,500 quarts by the association. About 1500 gallons are produced locally. There are eleven Pasteurization plants in Oakland, two in Berkeley.

Oakland housewives pledged themselves to use the soft wheat flour which will be offered by the government representatives sometime next week at 65 cents for ten pounds, or 1 cent a pound cheaper than any wheat flour on the market.

A market survey committee was established with Mrs. G. W. Simpson and Mrs. H. M. Baker the chairmen. Merchants offering produce for lower costs will be listed along with those who are overcharging. Christmas prices particularly will be noted. A bulletin board will be maintained at the league meetings offering the findings of the committee.

A membership campaign will be launched immediately. Mrs. Lydia Wolfe has been appointed chairman of the department. Mrs. S. F. Emery is preparing a meat survey.

BERKELEYANS REQUEST AID FROM CITY OFFICIALS

BERKELEY, Dec. 9.—Cooperation of municipal officials in establishing an army and navy store in Berkeley for the sale of foodstuffs at cost prices was today asked by members of the Berkeley Housewives' League.

DR. PAUL LANZ, ACCUSED M.D., IS FOUND DEAD

Physician Held for Alleged Forging of Names to Drug Prescriptions Meets End in a San Francisco Hostelry

Dr. Paul Lanz, Oakland physician, of 270 Mather street, with offices at 1225 Washington street, was found dead in bed at the Hotel Herald on Eddy street, San Francisco, at 9 o'clock last night. After he had been in the room for thirty hours, clerks investigated, to find him dead.

Dr. Lanz engaged the room Sunday afternoon and gave orders that he was not to be disturbed as he was ill. When clerks discovered the body the electric lights were turned on and an open magazine was lying beside it on the bed.

Death is believed to be due to natural causes. The coroner will hold an inquest to determine the cause of death.

The dead man was about 50 years old. He was awaiting trial on a charge of forging names of prominent Oaklanders to narcotic prescriptions and also faced a damage suit for $25,000 brought by Charles A. Penfield, whose name Dr. Lanz was alleged to have used in signing prescriptions.

He was arrested September 30 by Roy Jones of the pharmacy board and complaints were filed against him by Mrs. Lou Templeton, formerly his office nurse, and by Edward Bridgeman, a former soldier.

Penfield's suit was filed October 21. He charged that in the alleged use of his name in connection with narcotic prescriptions by Dr. Lanz that many of his friends had gained the impression that he is a drug user.

Dr. Lanz is survived by a wife, mother and sister, Mrs. Milton LeBallister, 1134 Third avenue.

Local Fans to Make T rip to Vallejo Tonight to See Scotty Wat ts Entertainment

By BOB SHAND.

Perhaps the middleweight championship of the little four-rounders is not at stake tomorrow night but Promoter Tommy Simpson rises to ask where you can find a better pair of 158-pounders than Battling Ortega and Jack Reeves, who clash in the main event at the Auditorium. Since the Battler waded through the local crop of middleweights the fans have been willing to concede him the title. The other week Reeves took a flier with the champ and surprised the gang by holding Bat even. Some of the boys thought Ortega was entitled to a shade decision, but they were all willing to admit that the shade was so slight that it would have been an injustice to young Reeves to have called the bout anything but a draw.

Ortega was not himself that night, but tomorrow he will have no excuses. The Battler has been training like a Trojan at the West Oakland gymnasium for the past pair of weeks. He has had a flock of willing sparring partners and his trainer, Harold Algernon Broom, stated this morning that the Battler was "right."

Reeves Has Come Fast

Reeves has flashed to the front like a meteor. Jack was discovered by Alex Greggains less than a year ago, when he was a mere novice and the veteran trainer taught the kid more in twelve months than the average four-rounder knows in a lifetime. There were those who could not see Reeves and who thought Greggains was wasting a lot of valuable time with the kid. Greggains listened to the advice of his friends and then went out to the gymnasium and taught the youngster a few more tricks. His four-round draw with Ortega justified Greggains' faith in Reeves and Alex thinks the lad will do as well tomorrow night—and he hopes he will do even better. If Reeves takes the decision he will jump right to the front. Ortega has been offered a match with Champion Mike O'Dowd in Detroit next month, but he will be dropped like a hot potato if Reeves takes a decision over him.

Duffy to Meet Webber

Jimmy Duffy, the other member of the Simpson stable who has not boxed in several weeks, has a date with Johnny Webber, the hard hitting sailor from Goat Island. There are better lightweights in the country than Mr. Webber, but it takes a mighty shifty boys to hold Eddie Mahoney to a draw and Webber did this little thing at Louie Parente's club last Thursday evening. Bud Ridley, who comes here highly touted, will make his debut with Al Walker in the other end of the bout. The fans of Portland and Seattle are said to think highly of Ridley, but he had to come here to get action. Walker is a preliminary boy from the start to the finish. The Hudson's Bay Derby was established two years ago.

Ridley will have to defeat him decisively to live up to the good things that have been said of him in the advance notices. Young Sharkey has drawn a hard hitter in Jimmy Roach and Jimmy Thornton will hook up with Young Sylvester. Jimmy Griffiths and Harry Scott, the kids who set a fast pace in the curtain raiser last week, have been rematched.

Scraps at Vallejo Tonight

Several auto loads of local fans will make the trip to Vallejo tonight to see Johnny Conde box Earl Young in the main event of a card arranged by Scatty Watts and Jack Brereton. Young is quite a favorite with the fans of the navy town and a win for Conde will mean another main event for Johnny at the next show. The Vallejo club has been staging some wonderful cards the past few months and if tonight's is like the others the trip will be well worth while. In order to accommodate the Oakland fans, the battles will start at 8:15, which means that they will be over in time to catch the last Rodeo ferry for Oakland. Even when the shows started at 8:30 local fans were able to make the boat and get back to Oakland before midnight, so they will not have to hurry tonight. The rest of the Vallejo card comprises good scraps, principally between local talent.

Ole Anderson Staying Here

Ole Anderson and his manager, Colonel Cox, have taken up their residence on this side of the bay and will remain here during their stay in California. Anderson is training at the West Oakland gymnasium for his fight with Gunboat Smith, which will be Louie Parente's offering at the Coliseum Thursday night. The Colonel and his fighter visited The TRIBUNE office yesterday. They would rather box here than across the bay and would have passed up the Parente offer had not Simpson told them to go ahead and pick up the medal. Anderson does not bear a mark as a result of his fight with Harry Wills last week, but Ole's ribs are probably aching yet. Although Wills landed practically at will, Ole can still tell the world that he has never been knocked off his feet in the ring.

After what happened to Jimmy Wilde Saturday night, the little Briton should be thankful he did not tangle up with one of our little four-rounders.

Bill Darue and Tommy Simpson held a chinfest yesterday and are due for another meeting tonight. The result will probably be a Darue-Dick O'Brien match at the Auditorium.

Joe Azevedo is back again as a main-eventer. After getting into fighting shape in the bushes Joe came back last Friday and took a decision over Frankie Farren. Friday he meets Joe Miller.

Just before going to press the cheering news was received that Carpentier had offered five thousand something for the Carpentier-Dempsey fight.

Good Card at Vallejo Tonight

Jack O'Brien vs. Young Griffo.

Tony Harris vs. Al Walker.

Kid Constantine vs. Ray Rose.

Heinie Hansel vs. Bobby Barry.

Mickey Drexel vs. Yg. Necila.

Technical Hi Is Preparing For Basketball

By BUD MORIARTY.

Old King Football abdicated last week out at the Oakland Technical High School in favor of Old Man Basketball, who started the execution of his offices with a live-wire interclass series. Varied talent of varied quantity and varied quality was brought before Coach C. H. Blesse's orbs in this fight for class supremacy. The big surprise of the frays came when the usually lowly freshmen outfit outclassed the sophomore and senior clubs for victories. Jesse Gooch, next term's captain, played for the high.

Tech's coach is assured of plenty of fighting material and his only doubt is whether it is to be of the specific kind needed.

VETERANS OUT THERE.

Of the veterans, Dick Eggleston, Captain Jesse Gooch, Scotty Tait, Happy Houvinen, Nels Carlson, Bernie Viveiros, Earl Jeffs and Abe Rubin will be on deck to make another try for the club. It will not be duck soup making the quintet this year, as many new and good men have risen from the ranks to battle for a position.

Ray Moody is one example of a new man showing much paprika. Moody possesses an unbeatable fighting spirit which will help him at guard. Bill Cowes, Jack Armstrong, Street, Manager Mike Hutchinson, Diehl and Reedy are just a few of the new lights who are going to fight for a berth on the 1920 squad.

AMBITION IS TO ATONE.

One ambition out at the Forty-second street institution is to atone for last season's 28-27 honk put on them by the blue and white boys from Oakland High School.

Practice will be held all of this week and, although no official work is scheduled for the vacation, the fellows are to keep in trim for the opening of school on the 29th.

SPORTSMEN!

IS YOUR NAME HERE?

W. R. Rodenberger, well known Berkeleyan, has gone to the bat for the inmates of the County Infirmary. Mr. Rodenberger doesn't say much, just a little note: "This check for your County Infirmary Christmas fund," and a ten-dollar check included.

The little Joe Bushers are also active in behalf of the "shut-ins" and contributed their mite. Umpire Jake Croter sent in $2.50 and Herb Remmer, Joe Dooley, Fodder Dolan and Joe Devine added a dollar apiece to the fund. The baseball players are organizing to do their bit for the cause and the little four-rounders are still to be heard from. Here is the list to date:

Louie Bernstein	$5.00
Gordon M. Gliddon	5.00
Tommy Simpson	5.00

O. A. C. Swimmers To Take Things Easy Until Next Spring

The Oakland Athletic Club water soccer team journeyed to the Concordia club for a regular scheduled game with the Neptune club of Alameda. George Lanser of the Neptune club failed to produce a team for the game. The discussion of referee arose as complaint of the Neptune club for not having the game. None were available, according to Lanser.

Walter Grace, captain of the Oakland Athletic Club, offered any inducement to play the game, but the Neptune team failed to respond. The local club had completed its schedule in the water soccer league by holding second place. The Oakland club has discontinued all swimming activities until next spring, when that club plans to send a strong team to compete in the Olympic events. Among those who will be with the club next spring are Schrott, Kuahane, Grace and Lane.

BASKETBALL GAME IS DUE TO HAVE ITS GREATEST SEASON

Reports From All Sections of State Show the Quintets Are More Popular Than Ever

By EDDIE MURPHY.

That basketball is to have its biggest season in history in California is easily indicated by the vast amount of teams that are already in action in all parts of the Golden State. Almost every small town with a fair sized population is boasting of a quintet, and their managers and supporters claiming that they look prepared to clean up everything in sight. Of course, the basket game would not be exciting if every manager did not think a lot of his team and have confidence in it to win. Probably the biggest and best organized league in the state that has ever been formed in it is The Oakland TRIBUNE basketball league, which already has thirty-eight teams holding berths in some one of the four divisions, namely 120,130 and 145-pound and unlimited.

There is good reason for so many teams entering the league and it being so well organized after only two have had years of experience in basketball and those who do not know that they intend to handle the TRIBUNE league as an organization of its kind should be, will soon find out, for the officials have prepared a set of by-laws that every manager and player will have to live up to. Billy Hollander, Chester Grimmett, Frank Boek, J. B. Nash, head of the Oakland Recreation Department, his assistant, C. L. Glen, and Frank Boek and others such as W. A. (Bud) Kearns, Walter Christie, H. Blesse, C. F. Martin, Otto Ritter and Clarence Street are ready to give their assistance at any time.

MANY NEW ENTRIES.

The latest entries to be received for The TRIBUNE league are as follows: Unlimiteds—Oakland Bank of Savings, Plymouth Center, Berkeley Y. M. C. A., American Legion.

145-pound division—Lincoln Arrows, Plymouth Center, Oakland Overseas, Oakland Y. M. C. A., Berkeley Y. M. C. A., American Legion.

130-pound division—Aedul, Oakland Y. M. C. A., Berkeley Y. M. C. A.

120-pound division—Oakland Y. M. C. A., Berkeley Y. M. C. A., St. Joseph's Athletic club, Lincoln Arrows, Spartan Civic Center, Emay.

CALIFORNIA-NEVADA LEAGUE.

Next to The TRIBUNE league in organization comes the California-Nevada league, which has a following from all sections of California and Nevada, but not the participants that has The TRIBUNE league. The California-Nevada league is being run on a little different plan than in other years, but promises to have its biggest and best year with all thoughts about the war banished and more talent than in the past five years for the coaches to choose from.

Frank Boek, coach at the Oakland High School can again display the same smile which he did all last basketball season by watching his nugget basketball team in action and cleaning up almost every opponent in sight. Last year the boys played under the 100-pound class, but for this season they are willing to go against the 120-pound teams. They have started out by defeating the Hayward High 120-pound team by a score of 23 to 3. The Hayward team puts up a good fight, but were outclassed when it came to team work, and almost helpless in trying to break through the Oakland high guards, Coughan and Caldwell. It was a clean game throughout. Rush, Hinsdale, Weiner and Captain Hammond did all the scoring for Oakland. Hinsdale making six goals and Weiner five. Hickman put in the only points for Hayward on a goal and foul.

The Oakland team is bound to be a contender in the weight division of the Oakland High School Athletic League.

It took a little more than the usual time for the Hayward High School basketball team to reach its top form in playing basketball. But the quintet from the east end of the county promises to make up for losses sustained early in the season. At least that was the belief of those who watched the Hayward High quintet in action last Saturday night, when they defeated the San Ramon high team by a score of 52 to 8. The Hayward boys put up their best games of the season, and completely outclassed the visitors. The line-up of the Hayward team follows: J. Rogerson, F. Simpson and Henningsen, forwards; Nunes and Richmond, center; C. Alemado, J. Henningsen and A. Schafer, guards.

The Crockett Community Center Club is this year again being represented by a couple of fast basketball teams, and credit for it is due to Hub Harvey, the gentleman who is to basketball and football in that town what Tom Gahagan was to baseball. There has always been rivalry between teams managed by Harvey, and those of Vallejo, and it is believed a number of games between the two towns will be played. Also Harvey is prepared to meet any invasion of a local team in the sugar town.

The Vallejo Y. M. I. quitet traveled to Sebastopol and after being handed a 29 to 22 beating by the quintet representing that town, were shown a good time by the same fellow who gave them the beating. The Vallejo boys were taken to homes of different players and well entertained. At the end of the first half, Vallejo held an 18 to 12 lead, but the Sebastopol quintet tightened up in the second half and allowed the visitors to make only four points, while they themselves had their eyes glued on the basket and added seventeen points.

Spartan Club players of East Oakland will be in action on at least a few different courts this week-end, and they will be doing well to bring home a couple of voctories, as Manager Ed McDermed has booked them against some mighty fine looking quintets.

Thursday night the 145-pound outfit will go to the Armory court at Eleventh and Market, and meet the Warriors in a return game, the first one resulting in a win for the Spartans on their own court. Friday night the 130-pound team will go to the Berkeley Y. M. C. A. and play a team of their own weight.

The Unlimiteds of the Spartan Club and the 145-pound team will travel to Stockton on Saturday evening and meet the Stockton Y. M. C. A. A Unlimiteds visited at the Spartan court and were handed a 27 to 23 defeat in one of the best games ever witnessed here. There were very little superiority shown between the teams, and, if any to speak of, it belonged to the locals. However, the game Saturday should be a good one for the Stockton fans to watch. On the evening they accepted their defeat from the Spartans, the Stockton Unlimiteds saw the Spartan 145-pound team defeat the Warriors. The boys from the river town gave lots of credit to the Spartan 145-pounders, but believed they had a team at Stockton that could beat them. So that is one reason for the Sparton 145's going with the Unlimiteds next Saturday night.

Tracy High School is represented by a fairly strong quintet, according to information brought here. The team is being well supported, as might be indicated by the fact that it took a small lump of money to have the Los Banos High team play at Tracy last Friday night.

The season for the Solano County High School League has already come to a close, with Vacaville having the championship team. The folks of Vacaville should be proud of the athletes, as they might also claim the championship of Sacramento via a win which they scored over the Dixon High team, which the other evening traveled to Sacramento and defeated Sacramento High, 29 to 26. But since that time Dixon has defeated St. Helena, which carried a win from the Vacaville quintet during the league season.

Up at the University of Oregon there is a strong feeling among the athletes that their basketballers will walk away with the Pacific Coast collegiate championship this season. The first call to the court for practice was heard by the Oregon University players last week and more than thirty responded, among them being a number of last year's team. Eddie Purro, picked last year for the All-Pacific team is again out for a forward position, as is F. Jacobberger. Two freshmen of last year are promising to make strong bids for forward jobs. They are "Skeet" Manerud and Roy Veatch. Herm Lind is captain of the Oregon quintet; Bill Steers, former marine, and Hollis Huntington, who were both with the 1918 teams, are after guard positions. They have a real fight on their hand with Nish Chapman, a member of last year's championship team and several others after guard jobs.

The Livermore High School team started its practice last week, and Manager Joe Aurrecoechea, feeling that the team is ready for a successful season, will bring it here next Thursday night to play the St. Joseph's Sodality team on the latter's court in East Oakland. The Livermore manager is not looking for any easy pickings for his boys, as he has also scheduled a game with the Santa Clara College varsity for December 16. On the Livermore team are three brothers, James, Joseph and John McGlinchey. Other members of the team are Joe Kelly, Tom Concannon, Joe Grana and John Vinkota.

The work of Perkins at forward and Allan Tocher at center for the Spartan Unlimiteds is winning many boosters for the pair. They have certainly done their share to pick up a good reputation for that team.

Swede Frost at center and Wetzel at guards are the stars for the 145-pound team, while Ironside and Lower are a couple of bears at playing the forward positions for the 130 team.

Out at Richmond an unlimited team to be known as the Richmond All-Stars has been formed, and will soon be ready to meet any of the quintets in the state. Every member of the team will be a resident of Richmond. It is understood that challenges have already been sent to the Olympic club and the Universities of California and Stanford. The All-Stars should find plenty of local teams to accept their challenges.

Gibson Will Manage The Pittsburg Club

PITTSBURG, Dec. 9.—George Gibson, veteran catcher, was last night appointed manager of the Pittsburg Pirates and will assume his new duties at once. Gibson succeeds Hugo Bezedek, who was recently told to devote his attention to either football or baseball.

OAKLAND HIGH TO PLAY BERKELEY

Here we have some young athletes of the Oakland High School who are playing with the football team which in three weeks was converted from a first-class rugby outfit to an American team, which promises to give Berkeley High a good game. Top row, left to right—BERL, MURPHY, C. SEIBT, COACH E. BUTLER, R. BAKER and T. JOHNSON. Middle row—P. WITTER, H. BAYNESS, ART SMITH and F. KNOWLTON. Bottom row—E. MURPHY, G. OSWELL, L. KEYROSE, H. OLIVA, T. CLEVERDON

The Oakland high school football team, which has turned from rugby to the American style in the last few weeks, will get its acid test in the American game tomorrow afternoon at California Field, in meeting the team from Berkeley high. The Berkeley team has been playing the American game for a few years, so a win for the Oakland boys would mean to them what a victory in the European war would have meant to ex-Kaiser Wilhelm.

The Oakland team was defeated on Thanksgiving Day by Alameda high, which is another of the Alameda county schools to turn to the American style in the last month, but that game was a good lesson to the Oakland coach and his players and they are going to Berkeley tomorrow with every thought that they have as much chance of winning as have the Berkeleyans. The game will start at 3:45.

Everybody Bidding for Carpentier and Jack Dempsey Bout

LOS ANGELES, Dec. 9 (United Press).—The more Jack Kearns says the more evident it is that Jack Dempsey wants to do his fighting on this side of the Atlantic.

"It will take a much better offer from a French or English promoter than from an American to get the Carpentier-Dempsey match," declared Kearns today. "We prefer to fight at home. I'd say it would take some $50,000 more to land the bout for London or Paris than for some American city."

Since Dominick Tortorich of New Orleans offers $150,000 and Kearns understands he has the money in actual cash, ready to pay over when the time comes, it would be logical to suppose that it will take $200,000 or more to get Jack to buy tickets across the pond.

Kearns said he was getting telegrams by the dozens from promoters over the country, Denver and Portland, Ore., being among the latest bidders.

"But to begin with, a place where fighting is permitted must be selected," Kearns added, "and besides, there's lots of time between now and spring to arrange this match."

Kearns says and others seem to agree, that Dempsey is keeping in fine condition.

Akron Gets Berth In International Baseball League

NEW YORK, Dec. 9. — At the annual meeting of the International baseball league yesterday the club owners agreed on a playing schedule of 154 games. The season of 1920 will open Wednesday, April 21, and close Monday, September 20. The eight-club circuit will be made up as follows: Toronto, Buffalo, Rochester, Syracuse, Baltimore, Jersey City, Reading and Akron.

The Ohio addition to the circuit was arranged through the transfer of the Binkhamton franchise to Akron, where a new ball park is to be built by a local syndicate of business men who were represented here today by Frank W. Royle and Charles C. Skelle.

Ernest Landgraf, who held the Newark, N. J., franchise, had it transferred to Syracuse, N. Y., where he and Joseph Donfee will operate the club.

David L. Fultz was re-elected president, secretary and treasurer of the league and it was unofficially said that the executive's salary was almost doubled for the ensuing year.

Seattle Team Will Train at Hanford

HANFORD, Cal., Dec. 9. — The Seattle club of the Pacific Coast baseball league will start spring training here March 1, according to a letter received here today from F. B. Ehrens, representing Director Brewster, former club president. The letter said the directors would spare no effort to obtain a winning team for Seattle the coming season.

Claremont Club Represented in Big Tourney

DEL MONTE, Cal., Dec. 9. — The 1920 golf season on the Pacific Coast is going to be ushered in in an auspicious manner at Del Monte, starting on Thursday, New Year's Day, and lasting until the Sunday following. Announcement has just been will be the program of events, which will be for men and women.

There will be flights of sixteen at handicap for men and women. It is possible that there will be a first flight of eight for men at scratch, with prospects of some of the crack golfers on the coast entering.

Jack Neville, California State champion, has already sent in his entry. The Claremont club will be represented by some thirty players and clubs throughout the State will have their stars in the competition. Trophies will be given in all flights and for winners of the best gross and net scores in the qualifying round of 18 holes.

The four-day New Year tournament will be an appropriate opener for the big schedule of golf and other sporting events which is being mapped out for Del Monte by Sports' Manager Fred A. Turner. With two courses available there will be important tournaments over all the holiday dates and week-end competitions and special events will be regular features.

For this coming Christmas a bogey competition is on the cards. A competition for caddies will also be run off the latter part of this month.

A number of out-of-state golfers from the northwest, the East and Canada will be at Del Monte this winter and spring and it will be interesting to see how they stand up in competition against California players.

Harvard Team May Yet Play in West

CAMBRIDGE, Mass., Dec. 9. — The Carnival of Roses committee of Pasadena, Cal., has asked the Harvard Athletic Association to postpone final decision on the trip of the Harvard football team to the coast for a New Year's Day game until the result of the coal conference at Indianapolis is announced. The trip was cancelled last Saturday because of the fuel situation.

A meeting of the athletic committee has been called for Wednesday, when the request for consideration will be taken up.

SAYLER KNOCKED OUT.

YOUNGSTOWN, Ohio, Dec. 9.—Jack Perry, Pittsburg welterweight title claimer, knocked out Milburn Sayler of Indianapolis in the third round of a scheduled 12-round bout here last night.

Frank Navin Carrying the Olive Branch

By HENRY L. FARRELL
United Press Staff Correspondent.

NEW YORK, Dec. 9.—Instead of a fistful of brass knuckles, the warring elements of the American league may bring here to their meeting little cards "we love everybody."

The first real move toward planting olive trees in the war-devastated garden was made by Ban Johnson himself. The league boss decided to call off his meeting tomorrow in Chicago and bring his five "faithful magnates" to New York for the meeting called by the board of directors.

What oil thus far poured on the troubled waters is credited to Frank Navin, boss of the Tigers, who, it is said, stepped into Gary Herrmann's shoes as a peacemaker and made a good job of it.

The baseball clans were gathering here today from the East and West. The wise men of baseball, as it were, were following the star of peace.

All of the National league moguls checked in early for their annual session starting today.

All of the notables were present and most of them had their managers in tow. Talks of trades were many and varied. John T. McGraw, just in from his Cuban race track, was getting ready to talk business with St. Louis, it was said, and Pat Moran, the Red boss, was all set to swing one part of a big deal involving St. Louis, Boston, New York and Cincinnati.

The American league forces mobilize tomorrow.

Dogs in Training For Alaska Classic

THE PAS, Manitoba, Dec. 5.—Approximately fifty dog teams in several parts of the northland are being trained for the 100-mile Hudson's Bay Dog Derby race to be held here March 17. Now that the Nome All-Alaska Sweepstakes race has been abandoned, the Hudson's Bay contest is generally regarded as the big dog classic of the continent.

A prize of $1000 has been hung up for the race. The race course extends from here to the gold fields and return. Dogs of any breed can enter. No stops will be allowed from the start to the finish. The Hudson's Bay Derby was established two years ago.

Man Who Remained Out Nights Divorced

Superior Judge T. W. Harris today granted a divorce to Mrs. Laura C. Nunes from Fred S. Nunes on her cross-complaint alleging cruelty in having remained out at night and otherwise mistreated her.

EDWARD HYATT, EDUCATOR, IS DEAD

SACRAMENTO, Dec. 9.—Edward Hyatt, for many years state superintendent of public instructioin and prior to that superintendent of schools of Riverside county, died Sunday night at his home near here, after a brief illness.

Hyatt was born in Huntington, Pa., and was 61 years of age.

He was elected state superintendent of public instruction in 1906, and served continuously until 1918. After retirement from this office he made his home in a suburb of Sacramento.

Hyatt is survived by a widow and eight children.

Bride Charged With Deserting Husband

A month and a half after their marriage, Mrs. Helen Spracklin left him and went to San Francisco where she has been living under her maiden name of Miss H. Lorraine at 1756 California street, and entertaining other men in her apartment and visiting cafes with them, according to the divorce complaint of Paul Spracklin filed today.

PLAN GREETING OF DUCKS WITH START OF YEAR

Oakland's first annual greeting to the wild ducks that make Lake Merritt their winter home will be extended New Year's morning, when more than 100 children will dance among the migratory fowl in Lakeside park. The details of the proposed pageant have been practically completed by the publicity bureau of the Chamber of Commerce, will be an unique event of the kind.

The children that are to take part are from the Lakeview school and are being trained by Miss Marie Allen, instructor in pageantry.

Berger Will Run Again for Congress

MILWAUKEE, Wis., Dec. 9.—Victor Berger, refused a seat in Congress by the House privileges and elections committee, and under sentence of twenty years in prison for sedition, has been nominated by Socialists of the fifth Congressional district for the vacancy caused by the refusal of the House to permit Berger to take his seat. Berger will oppose Henry B. Dodenstab, Republican fusionist candidate at the special election to be held December 19. In yesterday's primary Berger received 14,004 to 9828 for Bodenstab.

Charges Against Police Unproved

As a preliminary to the final disposition of the cases, Commissioner of Public Health and Safety F. F. Morse today submitted to the Civil Service Board notification that he has no evidence to present against Sergeant J. H. Nedderman and Sergeant J. F. O'Neill in a hearing of his order suspending the two police officers during the time they were under indictment on charges of graft.

The cases will come before the Civil Service Board to be disposed of tonight.

Schooner Reported Overturned at Sea

BOSTON, Dec. 9.—The United States Shipping Board steamer Lake Farabee, Captain Soule, reported by wireless today passing an overturned schooner with floating wreckage fifty-four miles west of Cape Sable. The wreck was of recent occurrence, according to Captain Soule's radio.

FLIRT IS CONVICTED

Charges that Ralph Cruzan, insurance man, consistently practiced flirtations with young girls from his machine in the downtown district resulted in conviction today of Cruzan in Police Judge Mortimer Smith's court. Cruzan will be sentenced Friday.

TRAFFIC LAWS TO BE MADE DRASTIC

Following a conference between Commissioner of Public Health and Safety F. F. Morse, Chief of Police J. F. Lynch, Superintendent of Streets Marston Campbell, Deputy City Attorney Earl Warren and Sergeant J. H. Fahy, head of the police traffic bureau, plans are under way for complete revision of the municipal ordinances governing motor vehicle traffic.

The latest move under consideration in the campaign to reorganize the motor traffic laws is a proposed new ordinance regulating taxicabs and rent cars in that service in the city. The new measure will alter the provisions of the present law allowing three taxicab stations to each block.

Under the direction of Commissioner of Streets William J. Baccus, Superintendent of Streets Marston Campbell is preparing at the same time a new ordinance governing the parking of automobiles in the downtown business section.

Veteran Acquitted In Police Court

Fred Postnikov, student and veteran in the American and Russian armies, was found not guilty of interfering with an officer today by Police Judge George Samuels. Evidence was submitted by the police and defense on the charge that Postnikov interfered with Police Inspectors William Kyle and Con Keefe and Officer Peter Connolly at Loring Hall, where a raid on the Communist party headquarters had been staged.

An altercation between Postnikov and the police attaches occurred in the hall and Postnikov was beaten.

Two More Thief Suspects Jailed

Paul Dastiga and Tom W. Williams, at 908 Franklin street, arrested yesterday, are said to be of the same clique as James Carney, Frank Dakan and Donald Miller, who are held by bay authorities on burglary charges, now in jail.

Shortly after the arrest of Dastiga and Williams, Samuel Perry of Berkeley was detained by the Oakland police on suspicion of having received some of the loot.

PROBE "BLACK HAND" NOTE.

A "black hand" message, written in Italian, is today held by Captain of Inspectors Walter J. Petersen for translation.

The note was sent to Mrs. Amelia Moralez, 1335 Eighty-first avenue. It was mailed from Stockton, the postmark shows. Mrs. Moralez was at a loss to understand the motive, she told the inspectors.

Habaes Corpus Writ Granted Dr. Thompson

Visions of freedom came to Dr. James E. Thompson, held in the county jail awaiting trial on a charge of performing an illegal operation, when it was announced in Judge E. C. Robinson's court this morning by Attorney Joseph P. Lacey that the district court of appeals in San Francisco had granted a writ of habeas corpus in his case, returnable Monday afternoon at 2 o'clock. The writ, it was stated, directed that all proceedings in the case be stayed until the final hearing.

Judge Robinson continued the trial, which was to have begun today, for one week pending a final decision on the habeas corpus proceedings.

The Price of Pork Chops and Bacon

Here are reasons why the fine, fresh pork tenderloins and pork chops, or savory ham, or crinkly bacon, which you enjoy for breakfast, cost much more per pound than the market quotation on live hogs which you read in the newspaper:

An average hog weighs 220 pounds.

Of this, only 70 per cent (154 pounds) is meat and lard.

So, when we pay 15¢ a pound for live hogs, we are really paying more than 21¢ a pound for the meat which we will get from these animals, even after taking into account the value of the by-products.

But people show a preference for only one-third of the whole—the pork chops, fancy bacon, and choice cuts from juicy hams.

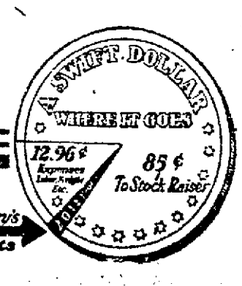

This means that when we are selling Premium bacon at 43½¢ per pound wholesale and Premium hams at 30¢, there are other parts for which we get as low as 6¢ or 8¢ per pound. The net result is an average profit to us of less than 1¢ a pound.

The choice cuts are higher because of a demand for them.

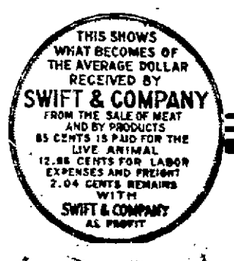

Another thing: Only 35 pounds of the entire hog —or about 1/6th—is usually marketed at once. The rest must be pickled, cured, or smoked. This takes months, and adds to the costs which must be met.

The Waterfront

The motor schooner Admiral Mayo, which arrived here November 17 from Manila, has been chartered by the Hind-Rolph Company to load a cargo of lumber at a northern port for Sydney, Australia, at $31.50 per thousand. If more vessels are not secured soon the freight rates will jump to a higher price. More than seventy million feet of lumber has been ordered recently for Australia, South America, Europe and the Orient, but it is impossible to secure vessels to carry the freight, as most every craft is tied up with a charter, and the coasters are all bringing lumber to California ports, which consumes much of it the year around. At the present time lumber is very scarce here, although a great amount arrives daily. It is being used as fast as it lands and many orders are already placed here with local firms. Within the past 24 hours ten coasters arrived at this port with a total of [illegible] feet of lumber, which is being rushed on the dock, and already sold, and will be delivered at once.

The schooner John and Winthrop was purchased by B. F. Mackall from Thomas Crowley yesterday for the lumber trade. She was formerly a whaling bark, and was sold to Crowley two years ago and converted into a schooner. The John and Winthrop has been laid up at East Oakland. She arrived here from Papeete June 28 with a copra cargo.

It is rumored among local shipping men that a certain firm here is negotiating for the purchase of the two six-masted schooners, the Cosca and Cotye, which are being constructed at Portland. They will be able to carry almost two million feet of lumber each, and will be used for off shore trade.

Wilson Brothers Commercial Company has purchased the schooner Margaret C. from Erickson & Demming. She was built at this port 30 years ago for bay and river freighting, which trade she will remain in.

Eighty-nine new boilers recently purchased by the National Trading Company from the United States Shipping Board have been sold to Japanese shipbuilders and will be sent to the Orient. There were 178 boilers in all, but some will be used in local craft.

The new cylinder for the steamer Nismaha, which recently was towed into the Columbia river, left this port yesterday for Portland, where it will be installed in the new craft, which is loaded with flour for Europe. She met with a mishap after leaving that port a week ago. The cylinder was turned out at a local shipyard.

Captain A. T. Thompson, master of the Puget Sound tug Richard Holyoke, reports that he sighted a hull of a vessel which was water logged, drifting about with the wind and sea. The hull is about 80 feet in length, and was located four miles southeast of Race Rocks, in the Straits of Juan De Fuca on December 4. No vessel of that size is reported missing from this port, but it may be one of the halibut fishing craft from Puget Sound.

Change of masters registered at the Custom House: Captain G. Gustafson, steamer Silverado; Captain Christ Bing, steamer Independence; Captain John Olson, steamer Intrepid; Captain Andrew Olson, schooner Margaret C.

WEATHER FORECAST

FORECAST.
Oakland and vicinity: Tonight and Wednesday rain, warmer tonight, increasing southerly winds.
Northern California: Rain, warmer tonight, increasing southerly winds, reaching gale force along the north coast.
Southern California: Fair, light to heavy frost in the early morning, moderate winds, mostly northerly.
Sacramento and Santa Clara valleys: Rain, warmer tonight, increasing southerly winds.
San Joaquin valley: Tonight and Wednesday increasing cloudiness followed by rain, warmer tonight, moderate southerly winds.
Nevada: Tonight and Wednesday snow, not so cold.
Washington: Tonight and Wednesday occasional snow, not so cold tonight, fresh northeasterly gales.
Idaho: Tonight and Wednesday snow, not so cold, fresh easterly winds.
Oregon: Tonight and Wednesday snow east, rain or snow west portion, not so cold tonight, fresh easterly gale.

CONDITIONS.
Storm warnings were ordered at 7:15 a. m. from Pt. Reyes north to Cape Flattery for a disturbance of decided character off the Oregon coast, which is moving slowly inland. It will cause snow and fresh northeasterly gales in the north Pacific states and rain with southwesterly gales in northern California. Snow will also fall in Nevada and Idaho and temperatures will rise slowly, especially in California and Nevada. Snow has already set in in Oregon and the wind at Cape Flattery was blowing at the rate of 60 miles an hour at 5 o'clock this morning. A high pressure area over the upper Missouri valley has caused a cold wave in the southern Plateau and southern Rocky Mountain states, the influence of which has extended as far east and south as the Mississippi valley and northern section. Killing frosts occurred this morning in the interior of California and light to heavy frosts were experienced along the coast.

Berkeley Considers Cheaper Milk Plan

BERKELEY, Dec. 9. — At the suggestion of the Berkeley Defense Corps the City Council took under consideration today the question of admitting milk pasteurized outside the city, as is being done in San Francisco. It is believed that by this means cheaper milk can be obtained, offers from dairy men in outlying districts having been received which it is believed will effect a reduction of price.

The plan is opposed by Councilman Hayward and Dr. D. H. Cook, milk inspector, who fear it will result in injury to Berkeley's reputation for pure milk and low infantile mortality.

Robert Hunter, former associate of Jane Addams in charity enterprises, lecturer on allied subjects at the University of California, was today, at the suggestion of Mayor Louis Bartlett, appointed to the charities commission.

Alameda Elks to Greet New Year

ALAMEDA, Dec. 9.—The Alameda Elks will hold a New Year's eve party at the club house. A jazz band from Berkeley will play for the revelers. The party will be a yamayama affair, with midnight supper, and will be for Elks and their ladies. The committee is F. J. Croll, chairman, E. J. Simondson and Oscar Huntington.

STOCK MARKET TAKES ON MOST IRREGULAR TONE

NEW YORK, Dec. 9. — More stringent light and heat regulations and yesterday's late flurry in call money accounted mainly for the irregular to heavy opening of today's stock market. Reactions of 1 to 2½ points were made by steels, motors and numerous other industrials whose operations are expected to suffer further curtailment by reason of the fuel shortage. Among rails, where the coal famine already has caused country-wide reduction of transportation facilities changes were relatively moderate. The trend of the day's trading follows:

FORENOON—Early declines in automobile, oil, steel, equipment and shipping shares were materially increased during the dull first hour. General Motors lost 7 points, Crucible Steel 5, Atlantic Gulf 2¾ and Mexican Petroleum 2½. Most of these losses were recovered when selling pressure relaxed while food, tobacco and textile issues made actual gains of 1 to 4 points. Announcement that President Wilson's message dealing with the railroads would soon be submitted to Congress was of little assistance to that group. Pacifics and coalers reacting a point. Call loans opened at 7 per cent against yesterday's final rate of 10 per cent.

AFTERNOON—The market became apathetic at midday when call money rose to 9 per cent, traders evincing greater interest in the latest phases of the coal controversy. Apart from equipments and secondary motors, in which gains of 1 to 3 points were recorded. The list moved within very narrow limits.

CLOSING—Active selling for both accounts occurred in the last hour, when call loans rose to 12 per cent. Extreme reaction ranged from 2 to 10 points with moderate rallies at the end. The closing was heavy. Sales approximated 950,000 shares.

LIBERTY BOND PRICES

NEW YORK, Dec. 9. — Prices of Liberty bonds at 2:55 p. m were: 3½s, $99.60; first 4s, $94; second 4s, $91.92; first 4¼s, $94.12; second 4¼s, $92.08; third 4¼s, $94.08; fourth 4¼s, $92.22; Victory 3¾s, $99.10; Victory 4¾s, $99.04.

Every Christmas Seal Will Help White Plague War

Have you bought your Red Cross Christmas Seals?

Tomorrow is the last day.

Only a penny a seal, but it is a Christmas gift of health to some man, woman or child in Alameda county. The Alameda County Society for the Study and Prevention of Tuberculosis needs $10,000 to carry forward its health program, which is directed toward stamping out the white plague. Every Christmas sticker purchased will help.

Alameda county is the only district within the State where tuberculosis is not on the increase.

The Christmas seals are helping to keep that record.

Chinese Girl Flees From Mexican Harem

Ow Young Shee, beautiful young Chinese maid, objected to being one of the many wives of Sam Chong, wealthy landholder of Mexico, so she is returning to China. She arrived a year ago. She is waiting on Angel Island for the first available steamer.

Sam Chong was a friend of the girl's mother, according to the story which she told Commissioner of Immigration Edward White. He made a promise that should the pretty Chinese maid come to Mexico and marry him she could earn enough money to support her parents.

But another woman met the girl upon her arrival, and Ow Young Shee learned that she was to be the second wife. The offer of jewels did not bribe her.

Samuels Dismisses Syndicalism Charge

That several men now charged by the police with violating the syndicalism law were irresponsible when they affiliated themselves with radical organizations and therefore were entitled to leniency, was the consensus of opinion in Police Judge George Samuels' court today, when W. J. Jenkins, charged with syndicalism, was discharged.

The police asked for the release of Jenkins after stating they had not sufficient evidence to convict the man.

Prosecutor William J. Hennessy asstered that in some cases that will come up the defendants were not opponents of the government, but merely signed the rolls of the I. W. W. and other organizations while drunk or in some other disordered state of mind.

Potato Shortage To Increase Price

That the potato crop of the country was hit hard by drouth and cold weather is asserted by latest advices received by local wholesale commission merchants. Lack of rain in Nevada and Montana greatly reduced the potato yield, it is reported, while an early freeze caused heavy loss in Colorado. It is estimated that a cold spell that swept over Manitoba prior to the digging time destroyed more than 1,225,000 sacks of potatoes.

Commission merchants say that as a result of the potato shortage and the heavy demand in all parts of the country prices have been necessarily forced upward. The best grade of potatoes sell wholesale at present for $4 a hundred.

I. Magnin & Co., Importers and Retailers of Women's, Children's and Infants' Apparel, is a California enterprise founded in 1876. Its business volume exceeds that of any specialty store west of New York engaged in the same line.

During the past fourteen years there has been an uninterrupted growth in gross sales, i. e., from $516,000 in 1906 to $4,000,000 for 1919 (last three months estimated), or about 675%.

This growth and the concern's perfect record as a debtor for the past forty-three years reflect the ability of the management, which remains unchanged.

Stability is given to the earnings of the Company by the operation of six branches in California, namely, three in Pasadena, and one each in Coronado, Santa Barbara and Del Monte.

The additional working capital obtained by the issuance of this Stock will enable the concern to substantially expand its business and effect operating economics.

The average net earnings for the 4¾ years ending September 30, 1919, after all taxes and charges, equal $24 per share per annum, or over 3.46 times the annual dividend requirement.

Net earnings for the nine months ending September 30, 1919, after all taxes and charges, are $250,173, namely $31 per share, or over 4.46 times the annual dividend requirement.

Net quick assets are $1,826,504, or at the rate of $228 per share.

Net quick assets must be maintained at the rate of at least $200 per share of Preferred Stock outstanding.

A statement of financial facts and stockholder safeguards evidencing in detail the desirability of this 7% Preferred Stock is contained in a circular which we will gladly furnish upon request.

We have purchased the above stock for our own account, and invite shbscriptions therefore, subject to allotment, and when, as and if same is delivered to us at a price of
